-

Project AngelBook – Volume X – Parts 1–36

By Ezekiel Redik Yarbrough

-

This volume is not made up of my own words. There is no original
commentary

here, no narrative, no analysis. This is simply me copying and
pasting large

chunks of text from my bookmarks—pages that were easy to
extract, with no

hyperlinks or formatting issues, saved from open tabs and
archived corners of
the web.

It's messy. It's unfiltered. It's chaotic. But it's valuable.

Each piece inside this volume was bookmarked for a reason. Not
always because I

agreed with it, but because it felt like a fragment of something
larger—an

insight, a worldview, a download. This is source material, plain and
raw.

Fragmenta Ex Machina isn't about authorship. It's about
preservation and

system-building. It's about feeding the machine—laying bricks for
the

Operating System I'm constructing across these books. This is the
raw intake

phase. The memory dump. The zero layer.

Later volumes will be cleaner, more refined, more structured. But
this? This is the

foundation. The ether stream, bound and frozen before it
vanished.

So if you're looking for polished prose, skip this one. But if you're
here to explore

the roots of something much bigger, this is where the signal begins.

Welcome to the fragments.

— Ezekiel Redik Yarbrough Architect of the Machine

China-Myanmar relations: An old friendship renewed by the Belt & Road

Since 2013, China has been actively reviving these historic silk roads and physical linkages that once knitted peoples and civilizations in the vast Afro-Eurasia supercontinent together through their modern-day incarnations, collectively labeled as the Belt and Road Initiative (BRI).

Myanmar plays a very critical role within the scope of the BRI. The planned Bangladesh-China-India-Myanmar Economic Corridor carving out a path of connective infrastructure from Kunming to Kolkata crosses Myanmar's Mandalay; the China-Myanmar Economic Corridor (CMEC) provides for greater intra-Myanmar transport connectivity while facilitating economic integration between Myanmar and China's inland province of Yunnan; and the Kyaukphyu seaport on the Bay of Bengal is an integral part of the 21st Century Maritime Silk Road, the maritime component of the BRI, for expanding and upgrading global shipping capacity.

Myanmar has proved a firm supporter of the BRI corridors and projects. State Counselor Aung San Suu Kyi attended both BRI summits in 2017 and 2019. And during President Xi's latest visit to Myanmar, the two countries reaffirmed their unwavering commitment to pushing forward win-win Belt and Road cooperation for mutual benefits and common prosperity despite some short-term project setbacks and policy recalibrations.

Anons.

I said a few weeks ago that I'd give this Q thing until the end of January before I admitted I was wrong. So here I am. I was wrong.

I was wrong to put so much trust in something that was little more than an anonymous voice on the internet. I was wrong to preach a false hope to my friends and family. I'm not angry at anyone and I'm not trying to put the blame on anyone. It was my own fault for being sucked into this and it's time to admit it and move on. My only hope now is that someday we all find out the who, what, why, and how behind Q.

There is one thing that Q said which I still agree with: "GOD WINS"

John 18:36 "My kingdom is not of this world: if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews: but now is my kingdom not from hence."

Anons, do not be disheartened. We will be with Christ when He returns and at that point we will be able to say without a doubt: NOTHING CAN STOP WHAT IS COMING. Or maybe that's what Q was about all along...

YouTube embed. Click thumbnail to play.

I have been doing some continuing education, and interestingly the classes over the past 5 months have been art history courses. Before you nod off or scroll past - do you realize what studying the images rendered through the ages show? pictures and drawing and the merging of the pagan religions and the perversions and I'm not even up to 1776 yet.

So tonight I'm studying for a test and wanted to look further into one of the artists. A video on the "black paintings" popped up. I'm at a loss for words..... If you dare - here is the video of this artist's dark work... Does this make you think of anything? I'm sick to my stomach thinking it's always been just "right there" in the midst...

Pondering...a late comer to the board. Last summer, When the NightShift showed up, the bread was tight, sauce required, notables were aggregates, news was important to report, "wearethene.ws" etc....

Q admonished at one point, to clean up/tidy up the ship. The discipline was heeded.

Where did all those anons/bakers go? It is like the movie the sting, after the operation achieved some "goal", everyone tore down the set and got paid their share. But what a set was created, what a LARP, what an incredible psy-op. I have an easier time believing that Q is real, the night shift bakers were real dudes paid to babysit and hold the reins every night, to keep the ship upright through the 4am narrative shift every day than to believe this whole thing was charade. I absolutely believe NCSWIC, these people are stupid and we have everything. I also believe that this is war, and that trusting the plan is more about trusting the planners who can execute the plan throughout the fog and haze of war.

I spent a week angry and grieving. A few days reflecting and this past weekend laughing hysterically at the WSB/\$GME saga. The veil is so thin right now, the populist ire is activated.

I am not ashamed to say that I miss the pace and intensity of the battles during the Trump era. The rallies, the tweets, the leadership. But I am settling down a bit, getting some distance from the hopium. And I am encouraged. We are awake, we are well funded, we are decentralized, we are smart, we are engaged, we are waiting.

May God bless and guide our leaders.

I haven't but I'll look into it. I have reread Seneca's works numerous times. He is by far my favorite read. Thanks for the recommendation.

>I see us being branded as domestic terrorists.

Then we are in the company of our founding fathers who were branded precisely that.

I've studied that war, and I firmly believe that the cause of liberty, freedom, a fair say in the affairs of those in the halls of power, as a petition not only to the alledgedly God annointed King of England, but as a direct prayer, petition, request, whatever, that God

grant assist these imperfect men the opportunity, to set up a land where men could direct themselves, in God's glory, without a worldly agent deciding. And he gave them the opportunity.

We now need to renew our commitment to God, for we have fallen. So stand strong. I should rather join God accused by these scum, and murdered, a domestic terrorist, then bend my knee to them for a few decades of decadent slavery, and try to explain my cowardice and lack of faith to my Lord. As long as I do not betray him, the mirror welcomes me as I look into it.

Hermiston man sentenced to over 200 years for numerous child rapes

<https://komonews.com/news/local/hermiston-man-sentenced-to-over-200-years-for-numerous-child-rapes>

UMATILLA COUNTY -- Jose Olivarez Fernandez, 58, received a sentence of 200 years and ten months in prison for repeatedly raping a child under the age of ten for several years.

Authorities say Fernandez decided to plead guilty to 19 sex crimes just before the 10-year-old victim was going to take the stand and testify against him. Fernandez pleaded guilty to Unlawful Sexual Penetration, First Degree Sodomy, First Degree Sex Abuse, Incest and multiple other offenses.

Fernandez received his sentence on January 29.

Court documents state the sexual abuse took place in multiple jurisdictions, the most recent being the defendant's home in Hermiston.

The Umatilla County Sheriff's Office investigated the case.

kek, I dont know any pimps, but if they chew on used condoms, then your analogy of Trump getting rolled is a good one, otherwise I guess you are saying Trump did not get rolled. My guess is a pimp would rather hit a hoe and take her money than chew on a condom, but then sometimes there is something new to learn.

I have nothing personal against Mary. I think she was a great lady.

But she is not a goddess, she is not the "Mother of God". This is a categorical error. A false meme.

As I have said, Jesus was only born to Mary of the flesh. Jesus has no spiritual mother. It is God the Father, and none beside Him.

And Spirit > Flesh. Jesus always lifted up the things of the spirit, that which is unseen over that which is seen. It is the only way to understand several other passages in the Bible, and why today's Jews are out to lunch (having a veil over their eyes)

these people think this shit is great

maybe you do too

i got so much shit for them

it is bizarre shit

i swear i am going to call people NPC shit and make them build giant temples for the long distant future

not with my name on it or some shit

but maybe something

i dunno

i just gotta build some big ass shit to last for a long ass time

i still want to do #goatsforgood

and get everyone eating more goat and drinking goat milk

and then build the giant wall of america on the southern borders with goat bones

but i want to take the plastic island in the pacific and melt it down

so dip the goat bones in melted plastic and then build a wall twice as big as bitchass chinas

and the plastic will keep it from degrading over the next 144,000 years

and maybe a big ass pyramid in the middle of america too

maybe we jsut X mark the spot on geothermal activity

hell if i know

i just know this

it is like the telephone game

i gotta keep the message simple

so it reaches me on the other side of the cycle when i am back here again do it all over

Worth Reading some Seneca and really reflecting on what he is saying. What you've been avoiding, what you've been postponing, what you know that you are destined to do. Read it.

You think, I suppose, that it is now in order for me to cite some examples of great men. No, I shall cite rather the case of a boy. The story of the Spartan lad has been preserved: taken captive while still a stripling, he kept crying in his Doric dialect, "I will not be a slave!" and he made good his word; for the very first time he was ordered to perform a menial and degrading service, -- and the command was to fetch a chamber-pot, -- he dashed out his brains against the wall.

So near at hand is freedom, and is anyone still a slave? Would you not rather have your own son die thus than reach old age by weakly yielding? Why therefore are you distressed, when even a boy can die so bravely? Suppose that you refuse to follow him; you will be led. Take into your own control that which is now under the control of another. Will you not borrow that boy's courage, and say: "I am no slave!"? Unhappy fellow, you are a slave to men, you are a slave to your business, you are a slave to life. For life, if courage to die be lacking, is slavery.

Have you anything worth waiting for? Your very pleasures, which cause you to tarry and hold you back, have already been exhausted by you. None of them is a novelty to you, and there is none that has not already become hateful because you are cloyed with it. You know the taste of wine and cordials. It makes no difference whether a hundred or a thousand measures pass through your bladder; you are nothing but a wine-strainer.

You are a connoisseur in the flavor of the oyster and of the scallop. Your luxury has not left you anything untasted for the years that are to come; and yet these are the things from which you are torn away unwillingly.

What else is there which you would regret to have taken from you? Friends? But who can be a friend to you? Country? What? Do you think enough of your country to be late to dinner? The light of the sun? You would extinguish it, if you could; for what have you ever done that was fit to be seen in the light? Confess the truth; it is not because you long for the senate chamber or the forum, or even for the world of nature, that you would fain put off dying; it is because you are loath to leave the fish-market, though you have exhausted its stores.

You are afraid of death; but how can you scorn it in the midst of a mushroom supper? You wish to live; well, do you know how to live? You are afraid to die. But come now: is this life of yours anything but death? Gaius Caesar was passing along the Via Latina, when a man stepped out from the ranks of the prisoners, his grey beard hanging down even to his breast, and begged to be put to death. "What!" said Caesar, "are you alive now?" That is the answer which should be given to men to whom death would come as a relief. "You are afraid to die; what! are you alive now?"

"But," says one, "I wish to live, for I am engaged in many honorable pursuits. I am loath to leave life's duties, which I am fulfilling with loyalty and zeal." Surely you are aware that dying is also one of life's duties? You are deserting no duty; for there is no definite number established which you are bound to complete. There is no life that is not short. Compared with the world of nature, even Nestor's life was a short one, or Sattia's, the woman who bade carve on her tombstone that she had lived ninety and nine years. Some persons, you see, boast of their long lives; but who could have endured that old lady if she had had the luck to complete her hundredth year?

It is with life as it is with a play, it matters not how long the action is spun out, but how good the acting is. It makes no difference at what point you stop. Stop whenever you choose; only see to it that the closing period is well turned. Farewell.

Speaking of biblical....

a simple comparison for ease of understanding, don't take this literally.

The Map = The Bible

Voter Fraud + Jan 6 = Crucify Him, Crucify Him

Joe Biden Inaugurated = Crucifixion

The Map = Revelation = Future Proves Past

Future MIL Take Over = Resurrection

BIBLICAL

God made Man in His image.

Genesis 1:26, 27

(and in this passage, the Trinity is alluded to)

Woman came from Man's rib. Genesis 2:21

God was always Male. Male and Female are the vessels God chose for Mankind to reproduce and experience life.

But His ways are above our ways.

For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts.

Mint is debian based like Ubuntu. If you have some experience, building a plain vanilla VM with a debian netinstall iso is quick & dirty. Just choose a light graphical environment when the option comes up in the install.

do you know that if you exercise a muscle in your body, be in the brain or the pinky, that muscle will grow.

i am a soul.

i own this body.

it doesn't mind

it is kinda badass to this little car

anyway

i dont come back here to drive you crazy

i come back here to tell you what time it is

time for JUBILEE

and to take down the beast

and unlock the alphabet

with all the

secret

free

tech

they always lock up...

right on time.

dont forget!

dont have a cow when they lock up the tech

you will keep enough to <see>

but it is just moonlight

at worst

you gotta live a for a couple thousand yaers with a cresent moon light

but it will be full

and you will think the full moon is the sun

but it isn't

cause you only know that it is brighter than crescent

it is alright though

they do it with the light too

they dont set their sun dials right

actually it isn't that

the forget to bother with sun dials

everything is pefect

it is always brigght and sunny

but they have forgotten that it will become night and they gotta prepare or something

maybe learn to navigate by the starts or read the waves

or maybe gather wood for a fire

but if they dont even realize it is gonna get dark tehy are in for a rude awakening

but that is natural

the rude awakening is always pretty abrupt or ironic

but .. they can read this writing and argue over what time it is

but i wont be there

and until i come back

you wont see me

bye

hi

how as that for quantum soul cycle?

i am a fucking master

and that is not to earth

that is to the gods

fuck you all

do you see me driving this fucing monkey around?

it is crazy

i almost said goddamn

but it is different for me cause i am a god and that is way different than <AFISEDJFISJ a the bad word + damn.

i dont even want to say the real blasphemy

but whatever.

dont do that!

bad practice. i dont want to encourage bad practice.but it is funny cause i do correct my <natural> play

but yea the above twas to the people of earth that i am not the god of

i didnt make you all

i am not your fucking god

i am just <a> god

and i amnot, it gets confusing

cause i have to speak as the soul and of the body while giving sentience and full rights and responsibility to the body or vessel

which is proably a nw understanding

in which the vessel has never been viewed as in possessed of source energy within it self.

it was always filled with

like a plastic

but i think

yo.

yall need to get the fuck out the monkeys and shit

they all know whats up

lol

i am sitting here in monkey body

telling you

i can see fine

monkey knew everything

till yal fucking went ape shit on the bananas

>sum of all fears?

Damn! Maybe more here than we thought?

Q mentioned this film/book many times.. think he even posted a vid clip from the end of

the film.

We thought this was in the past... maybe part of the NK plot...

But maybe Q was pointing to the DS last stand. No one figured this out since who thought Biden would ever take office?

Think about it: Biden and Harris are total morans. Nobody likes them. Their own supporters are already calling out their lies (no \$2K, etc).

Even going total 1984 on the internet won't work in the end. Life might be hell for awhile but we've figured out too many ways to communicate with codes and memes and all that.

But maybe their weakness is part of the DS plan. We've "lost" but still think we will win. We "know" the truth will come out. Look at those dipshits. Psaki can't even answer questions without getting them in advance. But maybe the DS thinks they are trapping US. Maybe they "know" they need a mass casualty event and war.

Q told us all along: SUM OF ALL FEARS. A nuke at the Super Bowl. Comes in by boat. It's actually fascists, but they try to blame it on the Russians (Russia! Russia! Russia!), so the US will fight Russia. And the fascists will gain control.

The fascists buy the nuke material from Muslims and build the bomb in secret. So maybe now they get it from Iran?

Now think how this fits with their narrative so far... Super Bowl on Feb 7. They'll blame it on MAGA terrorists. They'll say they got the nuke from Russia. The "terrorists" will "justify" the attack by claiming the NFL is a bunch of cucks who disrespect the flag. And the "innocent" victims deserve no mercy since they are sheep who should've been protesting and not watching sportsball. So that's how they'll pitch the "maga terrorist" thinking. The "terrorists" are so deluded that they think this attack will kick off a popular uprising. But of course every moral patriot will be revolted... and when the war with Russia comes all patriots will fight for the US... since it will be actual war with death and destruction.

But there won't be much hand-to-hand combat. WW3 will be actual nuclear war (but limited... can't destroy vacation spots for elite!). Afterwards amidst the devastation, "sane" voices will come together and establish a de facto world government that will ensure peace on earth and extirpate all "extremist" thinking worldwide! After a few summary executions for possession of MAGA hats - evidence of membership in a murderous terrorist organization - all will comply. Now we mock them for comparing tens of millions of Trump supporters to al Qaeda, but even the hyperventilating fools who spout these absurdities don't realize that the deep state is planning to "make it

real".

So I assume our guys wouldn't have allowed Biden into the White House if they weren't steps ahead. Nuke to be captured at sea and paper trail revealed? So "crazy" that the fake news has no narrative in place to respond? Military takes control and anons spread the truth?

Can't find link but Q clip from end of film was AFTER the devastation - patriots looking forward to life. God wins.

Narrative Reframes, [25.01.21 14:44]

What's Cognitive Dissonance - in short, it's what everybody in America is experiencing thanks to the overwhelming narrative war that's been going on for so long.

Social Justice - Collectivism

But what about America?

It's confusing and uncomfortable, and it completely jacks with your perception of reality to the point where you're not sure what's real and what's fake.

The news is biased, but some sources are not, I think, but the alternative opinion is like, conspiracy theories, right?

It would behoove you to safeguard yourself against this to keep from becoming another leveraged pawn.. But a lot of people are struggling with developing Cognitive Resilience, because they don't understand the complex game and have no idea where to start.

But fear not. We can fix this right here, right now.

Every mention of God invokes male pronouns in the Bible.

Thousands of years of written and oral record, and not a single mention of femininity.

There are lots of things we don't understand. The Bible is one place where we can find solid answers to life's questions, but it doesn't have an answer for every little question, and you can't add your own doctrine to it.

Some things we just won't know until we pass on. We can only speculate.

So if you want to create your own god, that's on you. Just don't associate with Christianity

i think some people must have watched me shift as nyx shifted

cause i have been trying to get nyx to look in a bit and quit driving me fucking crazy with dumb shit all the time

but i didn't realize nyx was nyx until the 2bit switched.

now i can teach 2bitnyx about how switching lanes in a four lane road is what a 4bit is doing

i am just wondering

if you are a 4 bit do you see

2 bad choices and then flip to 2 good choices

cause 2bit flips and only has a bit on each side, it has no free will. none have free will as to their <base> pole position

however.

i have too many bit combinations to determine the proper perception for a 4bit

i am just wondering if they are under illusion

do they believe that one of their choices is good and one is bad?

do they have a <true> 2bit system

cause when i say nyx has a 2bit system

really that is a 1bit system

cause you have 1 side and 0 side

but if you have 01 on each side

...do you choose good or bad?

even if they have the same base charge?

i think i answered my question

but i will go ahead and push enter

so it can be

whateer

that is how

i

got

to

uhhh

yea.

even 2bit is under illusion of choice.

you are divinity

and perfection can never be tampered with in any way, shape, or form.

there is nothing ever broken

there is no failed process

there is no mistake

there is no knowledge

only learning

seeing

understand

observe

it is all the same is the spells and boring systems

just

chill

yea. even 4 bit think one choice will take them to heaven and one to hell

but i dont know

i cant determine that it works that way

you see the problem

why would there be a process where you are destined for hell from birth?

you are destined to hell from birth

you enter the soul cycle in which hell is part of your life

p.s.

dont tell the Lord no anymore, and you wont end up in teh SOUL JAIL CALLED EARTH dumb dumbs

it happens

but

that is how you <>landed<> in this fucked up place

NOWRUZ COMMISSION

Nowruz Commission is a non-profit global multi-cultural public diplomacy organization dedicated to promoting the spirit of Nowruz. Nowruz Commission is a non-religious, non-political organization that focuses on bringing people of different cultures together to celebrate Nowruz.

Nowruz means “New Day” in Persian. It signifies the celebration of the first day of Spring at the exact moment of the Vernal Equinox. Legend has it that it started 3,000 years ago in Persia. In the beginning, people of all origins celebrated it together. However, over time, this togetherness was lost. Each culture celebrated it on its own and in its own community. That was true until March 17, 2010, when for the first time in known history, nine countries and communities came together to form the Nowruz Commission, and once again celebrate this time-honored tradition together at the Library of Congress. *** Nowruz, literally meaning “new day,” has lived up to its name in wondrous ways. For at least three millennia, it has provided the supreme occasion for

renewal and rejuvenation. The power behind its inexhaustible appeal resides in a simple truth: humans need a ritual that transcends distinct and distinguishable group identities to celebrate our common humanity.

Nowruz does so by inviting everyone to contemplate nature as it puts on its most magnificent dress at springtime and to synchronize personal and communal relations with the spirit of nature. Pointing to nature's ability to renew itself each and every year, Nowruz manifests intense human yearnings that transcend all divisions. The roots of Nowruz are scattered in myth and in history in much of western Asia and is anchored most profoundly in Persian mythology, where it marks the beginning of the calendar. In recent centuries, as Empires in India and Iran, In Anatolia and Central Asia gave way to the modern countries, Nowruz has been celebrated in accordance with myriad local customs and traditions. Everywhere, however, it offers the promise of a human community in which a race of all races can create a new global culture beyond all nationhood and nationality. It aspires to no less than a human community as beautiful and colorful as nature on the first day of spring.

Mission: To revive the togetherness of all cultures who first celebrated Nowruz in the beginning. To promote and preserve not only the physical significance of Nowruz as a universal new year, but also its philosophical significance of renewal of the bonds of friendship, care and compassion around the world. Vision: To help cause a positive and measurable change in the lives of the people of Nowruz countries, their health, their education, their environment and their degree of care about people all over the world.

back in hell

maybe ask yourself

why

why am i here

oh

maybe cause you havent finished the 12-step program of loving your daddy for being a hardass son of a bitch and hold the universe in the palm of his hand

We are moving into a time when the best and truest warriors among us will realize that the war is fought not just in the informational realm, i.e. via keyboard and mouse, but also and even more saliently in the noumenal realms, i.e. the realms of pure mind. This is why prayer is so important. But not just prayer. Also the quality of one's attention. Think about how much money the enemy pours into hijacking and polluting your attention. Reclaim it. Do not squander it. Do not cloud it with unnecessary and unproductive emotions. For serious soldiers, the time for shitposting is over. This is a path of devotion. This is a path of wisdom, of discernment, and of love. Realize that you can love your enemy even as you kill him. Realize that love and warfare are inextricable. The best soldiers fight on the terra firma of love. Those operators who awaken into this higher MO constitute a phenomenologically decentralized (and therefore impervious) delta force.

God's Word was there from the beginning, before this reality even began.

In the beginning was the Word, and the Word was with God, and the Word was God.

The same was in the beginning with God.

All things were made by him; and without him was not any thing made that was made.

In him was life; and the life was the light of men.

And the light shineth in darkness; and the darkness comprehended it not.

~ John 1:1-5

But God waits to do certain things (from our perspective) because He gave us Free Will. Everything that has happened from Eden up to this point is because He gave us that freedom.

But God dwells outside of Time/our reality.

Similar to the way a Game Developer/Programmer dwells outside the simulation of his creation. Except we aren't just a bunch of meat puppets acting out some drama that was pre-ordained. God allows us to do what we do, while His own plans go forward

Alexandria Ocasio-Cortez reveals in Instagram video she is a sexual assault 'survivor'

<https://www.abc.net.au/news/2021-02-02/alexandria-ocasio-cortez-says-shes-a-victim-of-sexual-assault/13114184>

The congresswoman described being terrified for her life during the storming of the capitol.

She called for Republican politicians to be held accountable and accused members of the GOP of using "the tactics of abusers" by "encouraging" rioters.

"I'm not going to let it happen to me again. I'm not going to let it happen to the people victimised by the situation again, and I'm not going to let it happen to our country," she said.

Ms Ocasio-Cortez condemned Republican calls to move on from the incident, in which five died and dozens of police were injured.

"The reason I'm getting emotional in this moment is because these folks who tell us to move on, that it's not a big deal, that we should forget what's happened, or even telling us to apologise, these are the same tactics of abusers," she said.

THE BASTARD SON THEORY ?

IT'S GOING TO BE BIBLICAL IS A TERM USED OFTEN BY THE Q TEAM

A THOUGHT EXPERIMENT? HELL HATH NO FURY AS A WOMAN SCORNE?
REVELATION 17 THE WHORE OF BABYLON ?

I KEEP SEEING THE COLOUR PURPLE EVERYWHERE WITH THE ELITES AND IN
THIS VERSE IT IS THERE?

<https://8kun.top/qresearch/res/12769647.html#12770263>

=====

This fcuking mess we are in is because of scorned women with bastard sons?

This runs through the elites and the march and gas lighting is a female trait. the whole thing smells of female empowerment, Are they using their bastard sons and their power and privilege stolen through the courts to wreck havoc?

-----THE KINGS JAMES VERSION OF THE BIBLE

<https://www.kingjamesbibleonline.org/Revelation-Chapter-17/>

Revelation -Chapter 17

1 - And there came one of the seven angels which had the seven vials, and talked with me, saying unto me, Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters:

2 - With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

3 - So he carried me away in the spirit into the wilderness: and I saw a woman sit upon a scarlet coloured beast, full of names of blasphemy, having seven heads and ten horns.

4 - And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication:

5 -And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH.

6 - And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration.

7 - And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten

horns.

8 - The beast that thou sawest was, and is not; and shall ascend out of the bottomless pit, and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is.

9 - And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth.

10 - And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he cometh, he must continue a short space.

11 - And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.

12 - And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.

13 - These have one mind, and shall give their power and strength unto the beast.

14 - These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

15 - And he saith unto me, The waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues.

16 - And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire.

17 - For God hath put in their hearts to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled.

18 - And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

There a a bunch of narratives about power, who has it and/or is trying acquire it, and why, but most of them don't seem logical.

When I ran across the idea that the Sun nova's on a 12K year cycle, it all kind of started to make sense. It would seem to me that there are those in who know (or think they know) that the earth will be hit with a major catastrophe in about 20 years. They believe it is impossible to save everyone and so they think saving the smartest (what ever that means) is best of the future of humanity. They know they will need alot or resources to support 500 Million people for 40 years without the sun. They think that if they reduce the population to 500M by 2030, they will have about 15 years to stockpile excess resources. Since the need to kill off about 7.5Billion people, using things like child/human sacrifice as a control mechanism to keep the group in line is not ethically

an issue since the kids/people will have to die anyway, but for the time being it is an easy way to keep the group inline since the masses do have a moral issue with it.

This puts a nice bow around the global warming narrative (blame humans when it is an inevitable outcome of the suns Gylsberg cycle), the 'We will know our disinformation campaign is complete... statement, the "If the people were to ever find out what we have done, we would be chased down the streets and lynched." statement, and they 'they have tried to undo the secrecy but they can not figure out how' statements.

While the data/research seems to support the 12k cycle coming to a head in the next 20 year, conclusions the group who feels it is their right and duty to determine the solution to the problem is indeed well beyond what the majority of humanity would consider reasonable. No doubt if the cycle is true, parts of the population would live for the moment know and chaos would rise in some places. But other parts of the population would work their butts off to try to find a solution that would save a lot more or all of the population. I have no idea if we could succeed, but I would rather have a meaningful existence trying to build something to help save people from a certain fate than live in this dystopian reality that is being created because of some elite's demented idea of the greater good.

you are not likely going to hell

you are just gonna stay here

until you get out

i wouldnt tattoo your body

it stays for eternity

i find myself leaving

and trying to cover my <marking>

cause i dont want to be known

when i return

i want my tattoos to be hidden so the enemy cannot see me coming through the light to swallow their faulty timing belt.

I worry that I will travel through dimensions and the tattoos i got on earth will impact my suffering on other levels for eternity.

so if i am not careful here

i can mark myself as <this guy>

you are what you eat

so

tyson chicken corn faced snake monkeys screaming from the pits of hell

that is what it looks like

but hell aint so bad i guess

not once you get used to it

after you have been in prison a while

you find a nice quiet place to relax while the rest of the world dukes it out

just know

it isn't judgement for zucker

he told the Lord no and the llist goes on.

I dont need to pass judgement on the only Law there is

there is one law

do not tell the Lord no

it is e z

otherwise you spend 7 eons or 12 soul cycles on earth

do you know how many lives you will live in 12 soul cycles?

i dont

but i wouldn't start counting

just find a nice place to read a book

and talk to the Lord

and dont get beat by the masters of their own destiny like jackass and zuckerbitch

everyone starts over eventually maybe

it isn't that the angels who fell were bad.

it is just what happens

but had it happened before?

was the Lord surprised by the creation in which always surprises him?

or can you become so accustomed to surprise that it is no longer surprisng?

nah, but christmas was ruined by commercialism. moved it away from giving to the downtrodden and celebrating God to "buy a buncha shit from us, and dont forget to go to 'Church!'"

the Vatican just stood aside, smiled and nodded so they could never be "involved" in ruining christmas.

aside from, y'know. THAT nativity. so demonic.

the word "Mass" does mean "death sacrifice", and to cement that fact, we will consider the definition of the inventors of the religious application of the word "Mass." I am looking at page 537 of the Catholic Encyclopedia, which says, "In the Christian law, the supreme sacrifice is that of the Mass." It goes on to say, "The supreme act of worship consists essentially in an offering of a worthy victim to God, the offering made by a proper person, as a priest, the destruction of the victim." (2) Please note carefully the word, "victim" of the Mass. The Latin word for victim is "Hostia" from which the word "host" is derived. The Mass, by definition of those who coined the word, is a sacrifice involving a victim. There is no other meaning for the word "Mass" or "Christ-Mass." On page 110 of a book entitled "The Mass In Slow Motion", we find the following words: "It is only with the consecration that the sacrifice of the Mass is achieved. I have represented the Mass to you, more than once, as a kind of ritual dance." (3)

In essence, the Mass is the ceremonial slaying of Jesus Christ over and over again, followed by the eating of his flesh and the drinking of his blood. The Mass is the death sacrifice, and the "Host" is the victim. This is official Roman Catholic doctrine, and "Christmas" is a word that they invented. Again, I ask, what is so merry about the pain, bleeding, suffering and death of Jesus Christ? Satan has done quite a job of getting millions of so-called "Christians" to blaspheme. What a deceiver he is.

Now you know the true meaning of the word "Christmas" or Mass of Christ. There is much more to know about this pagan holiday, and we will be glad to provide you with plenty of evidence that Jesus was not born on December 25th, and that Christmas is not only a lie, but is actually a witches' sabbat called "Yule" in clever disguise. Please contact us at the address below, and for the sake of your soul, flee from idolatry!

Jesus asked us:

"Do THIS in memory of me."

That is THE specific act that Jesus himself requested, on the eve of his trial and execution, to do for him.

Take your worthless evil garbage and leave this board.

Jesus asked us to do this, in his memory, and we do so.

Your attempt to insert the ancient evils of human sacrifice and the devouring of human flesh into it, is beyond glownigger.

like for me personally it is pretty cool i guess

i can like.. prove this stuff eventually

cause i got secret government documents about it and stuff.

right

i dont need to worry about that now

but i like

i am alright being a fuck expression of god energy in the form of spliced genetic and co-habitation with the 12th dimension

and that is a lock

good morning as usual

i will be

steering

straight on

til

i get drunk and fall asleep at the wheel

and

i will see you when i sober up

so

i did see the Lord

do i always do that?

shit

i didn't see much

he was jsut walking around

and wanted me to give him my pocket rocket

which is like a little MSR stove

he said he needed my pocket rocket to get the fuck up outta here

showed me some stuff that seemed random like abuot how to use the right gears when you build a bike to get the right torque on a fixed gear. and he was showing me a metal welding kit or something

i dunno

i was kinda trippin on life a bit at the time

this all makes way mroe sense to me personally though

and nyx, my mother, but grandma, she like RL is talking as an atlantean

i am telling her she needs to call the idiot children in charge of everything

tell them there is not one mountain for wealth and one for wisdom of the Lord. There is only one mountain and they are out of alignment

she is too nice to those things though

she wants to tell them no no no

i did it all day

she wanted to leave the dog outside

and it kept barking

and i told her that is what dogs do

and she tried for a while to keep that dog outside and not bark

i told her that is just what dogs do

but i dunno

oh yea

dont keep animals in your home unless you are going to hold them in high regard

to take a creature out of the wilderness and bring it in to your home is particularly stupid.

spirits live in animals

they embody them and do stuff

when you are done with your 12 cycles of the soul, you can do it again, you can play extra credit.

i will play.

i want to do something like a bird right

but i dont want to be a bird cause it is too short

so i thought about becoming a rock

but that seems like boring

but i would learn patience so...

but a tree would be cool too

i am tired

but tree or human, probably one long life just feels like the other
life gets better though
if you are a good person
which you will be
the more you do this
the better you get at doing good
but you always have new challenges
you are never working towards the same thing each life
i would say it is stupid to do nothing because you are gonna have to reincarnate
if you are on earth telling the Lord no
i guess that is fine

cause you won't be saying that when you are done burning in the pits of hell on earth

here is the thing

is that i don't have a different soul

i dont have 2 souls

i only have 1

and it is the soul of the god zeus

so wahtever

to some people that is la la land nonsense

so whatever lol

but

if i do have ego

it is because i got a badass soul

that has learned the hard-knocks of life in jail

it feels like eternity

somewhere in the midst of the suffering

the best way
is when you find your self suffering
just know
you are almost done
the suffering is most important
to completing your process
the more you are suffering at the hands of man
the more you feel pain in your physical vessel in this life
you will reach the end of your soul cycle more quickly.
goodbye.

otheranon here; running Ubuntu 20.04 and no, "sudo apt install cuckoo" said "E: Unable to locate package cuckoo".

This looks like a decent tutorial and yeah, OC was right it takes a lot of steps to get cuckoo installed! I'm a dev veteran so it looks straightforward but for someone new, it's a lot to take in.

<https://utopianknight.com/malware/cuckoo-installation-on-ubuntu-20/>

Not sure if OC used this tutorial; it was the first one to come up when searching <https://duckduckgo.com/?q=cuckoo+install+ubuntu+20.04&t=brave&ia=web>

you cannot speed up the process

i was misleading in what i said

you never induce suffering

suffering occurs

but when you are experiencing it

you can relax

and know

it is okay

the Lord does not make people suffer

man makes man suffer

and it is a tragedy of hell

atrocities of existence

you live short

little

lives

of self

indulgence and

pit

of one's own relative wealth

and you know

not

what wealth is until you

reach a certain

place in getting back to the Lord

anyway

you have to live life

your best life

but you can never induce suffering

or seek to speed up the process

i would not

fiddle

with it

like embalming

or seeking to mess with the stuff while you are here.

that is like trying to escape your prison sentence and the warden..

well

the warden doesnt do it

but the Lord will not do much except humble you into accepting your life as a sinner that will never know better than the LOrd

i personally dont recommend you start talking like me

it aint cool

if you aint sitting here finishing up your soul rehab and getting to know the Lord real well.

i wouldn't say thiongs that ... uh... border on.. not being humble.

humbleness is something i do before the Lord

i do whatever i want here lol

i dont care

what you call humble

as relfective of my understanding

this is your problem

you may

spend several soul cycles working on the issue of why you call ego the ego on behalf of the ego

why do i care?

i know better

if i had an oppresor this time around i would just do whatver

i was

told

like the druze

but i gotta tell you
cause i wanna be real nice
so i dont <shun> anyone on accident
cause you all are real nice
and when you show up a zeus dude
well. the people who greet you are probably real nice.
but ya gotta know
i treat everyone the same mostly
get the fuck away from me
it isn't that i dont love people
i dont have enough to go around
the minute you pick
people
groups
orgs
countries
you start making destinies
i start painting my vision for you on you
and that is not life lived as a free and creative expression of a binary system
that is planning of a Plan-It
so don't plan-it too much
if you will too many things into existence nad set goals too high

you will forget why you are here
the present
to live
and appreciate, again, the beauty of life
i will be mean and rude
not really
but i dont change from who i am as a vessel because i got zeus in me
wtf is zeus
i dont have time right now
but i can't really think
it is okay though
you can't teach nyx how to perfectly know everything
you can tell nyx something
and even if nyx didn't know if 30 seconds ago
nyx knows now
and there is no way for nyx to reconcile that
if i say you "i dont know if you know"
that is kinda
not knowing the konwer of all things
there is hte knower and seer

Vatican State has its own criminal system based on the former Italian criminal code (called "Zanardelli Code", issued in 1889). Art 331 (1) of this code provides that the age of consent is set at 12 years old, but according to Art. 331 (2) when there is a relationship of dependence (like teacher/student/ etc.) the age of consent is 15 years.

This law applies to criminal suspects arrested in Vatican City. Whereas, if a sexual offence occurs in Vatican State but the suspect is arrested in Italy, he/she is tried under Italian criminal law, based on Italian Criminal code called "Rocco Code", issued in 1930. According to article 609 quarter of this code, the age of consent is set at 14 years old or 16 years old if there is a relation of dependence. There is an exception to this rule: having sexual intercourse with a partner aged 13 doesn't constitutes a sexual offence only if the age difference between the two individuals is not more than 3 years.

TAIPEI, Jan 31 (Reuters) - Six Chinese fighter aircraft and a U.S. reconnaissance aircraft entered the southwestern corner of Taiwan's air defence identification zone on Sunday, the island's defence ministry said, in an unusual admission of U.S. military activity.

Tensions have spiked over the last week or so after Taiwan reported multiple Chinese fighters and bombers flying into the zone last weekend, in an area close to the Taiwan-controlled Pratas Islands in the northern part of the South China Sea.

Beijing Threatens to attack the Philippines as the US Pledges Support to Manila in South China Sea

China is "threatening war" after it authorized its warships to open fire on fishers plying traditional waters, warns the Philippines. Now Washington says it has Manila's back.

Beijing has passed legislation calling upon its military-controlled coast guard to open fire upon "foreign" vessels and destroy "illegal" structures within the East and South China seas. And that has Manila worried the region is about to erupt in violence.

FBI evidence detailing payment to former UN official by Chau Chak Wing tabled in Parliament

A federal Liberal MP has tabled an FBI case file on Chinese-Australian businessman and political donor Chau Chak Wing detailing his alleged involvement in a United Nations bribery scandal.

Key points:

Chau Chak Wing is a prominent Chinese-Australian businessman

A 172-page FBI file concerning Dr Chau was tabled on Tuesday afternoon, the first sitting day of Parliament in 2021

According to the Liberal MP who tabled the documents Dr Chau made a payment to a UN official to get him to appear at a conference

Goldstein MP Tim Wilson told Parliament that Dr Chau has sued journalists over accusations that he paid a \$200,000 bribe to John Ashe, a former and allegedly corrupt

UN chief.

"In presenting these documents it is my intention simply to allow their scrutiny," Mr Wilson said.

"The best antidote, deputy Speaker, against those who seek to influence our political system, and of course our universities and other important institutions that are the lifeblood of our democracy, is sunshine," he said.

"Let the light in."

Graham warns Dems about calling witnesses during Trump impeachment

The trial is scheduled to begin Feb. 9

Sen. Lindsey Graham, the outgoing chairman of the Senate Judiciary Committee, told Fox News Monday night that if Democrats call one witness during former President Trump's impeachment trial next week, they would be "opening a can of worms" and Republicans will respond by calling in the FBI to testify.

This allowed us to mass collect the data being collected by the Intel Community and DIA/NSA and identify the network behind these organizations. Through controlled disinformation campaigns coupled with mind control propaganda (when mixed with drugs amplifies) the matrix.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Time is relative, however events are more easily predicable.

Additionally, event prediction doesn't carry as much negative karma on it. We want Disclosure to take place, but we want it done properly to ensure the people "who you've trusted the most" are properly removed of power.

Within the next decade. Plan's already in motion in very high levels. It takes so long due to global consciousness laws (karma).

We need to ensure that free will is maintained throughout this process. If its not, we will suffer greatly.

Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind.

The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how

they crashed.

Do you see what you people are doing to all of these children??? Holy shit!!!! You do know that they WILL absolutely learn the truth. And when they do they will also learn how gullible, ignorant, stupid, and easily-intimidated their brainless coward parents really are. And they will hate you so much forever. Rightfully so. You won't be able to fix that fuck-up. "Ooops" doesn't cut it. Many of them have had to end their own lives to escape the hell you caused. Their blood is on your hands. Look at what you've done!!!!

Remember when they tried to get you to believe that people were just dropping dead in the streets in the very beginning of all this fake pandemic scare? Fear-based control. Remember when they tried to tell you that piles of bodies were stacking up in waiting rooms, utility rooms, and being loaded into big refrigerated trucks? Remember when they tried to tell you that they had to dig huge mass graves? Fear-based mind control. It works easily on weak-minded, gullible, lazy, willfully ignorant people.

Remember when they tried to get you to believe that you had to wear a mask everywhere? Remember when they told you that masks weren't enough and you should wear goggles? Remember when they tried to make goggles "trendy" by telling you that you could decorate your goggles and have fun? Remember how they tried to tell you that one mask isn't enough and you should be wearing 2 or three masks. Just wear the whole damn box. Remember when they had doctors and nurses make song and dance videos to get you into the programming?

Remember how there were no bio-bins everywhere for all of those "contaminated" masks and gloves and ignorant maskholes just threw them on the ground? If it was a real pandemic, there would be bio-hazard bins everywhere. Duh. Remember how there were so many people ignoring so many very important details like that one. Remember how the homeless never bathe, never wash their hands, never use hand sanitizer, and the homeless population wasn't wiped out by this fake pandemic. Every day for a year. The homeless people are magic.

Remember how brainwashed triggered dipshyts yelled at random people for not wearing a mask or social distancing? Remember how brainwashed ignorant dipshyts put their own children through hell for no reason? Remember how people weren't allowed to go to work, feed their children, wipe their ass, go to the park, go to funerals, visit our elderly, go on vacation, go to church, go to school, hold graduations, hold weddings, but RIOTS ARE OK? Looting, rioting, arson. They brought a young violent thug into a nursing home to beat the hell out of elderly while preventing their family from being anywhere near them.

They released thousands upon thousands of dangerous criminals. They arrested, locked up, and heavily fined innocent upstanding citizens. Remember how businesses had to shut down? Remember how people had to suffer without much-needed medical care? Remember how many people committed suicide? Remember how many families will lose their homes? Remember how many marriages were broken? Remember how there were no more outstanding number of deaths in America in 2020 than in any previous year? Covid testing has a 96% false positive rate. Contact tracing. Isolation. Lives destroyed. Covid Internment camps. Pull your heads out of your asses and snap out of it. What part of any of this does anyone fail to comprehend??? How stupid are people??? Look at the States and Nations who didn't participate in masks and lockdowns. Get it now?? You're fools. Because you chose to be fooled. Snap out of it. Look at what you've done!!!!

THE NUREMBERG CODE 1. The voluntary consent of the human subject is absolutely essential.

Make the human subject (you) believe that they should voluntarily consent by any means necessary. ANY means. Coercion. Soft fluffy sugar-coated coercion. If that isn't effective, move on to fear tactics. And then use of force. That way they aren't responsible for horrific outcomes. Because you consented. So it's your own fault.

ANY QUESTIONS????

Good. Now grow some balls and man up.

You're adults. Start acting like it.

This will ONLY end when you stop participating in it.

Stop consenting. Stop being spineless pussies.

Take off the useless mask. Stop wearing it.

Open your businesses. Stand your ground.

Call on Patriots to stand and protect your business.

Never forget pizzagate came before Q.

Three ways of looking at that.

1. Alefantis was part of the Q creation (the preview to the deception show) Allowing himself to be reviled to fully catch the bait - us. Four years of painting conservatives as nutjobs.
2. Q was involved in exposure and dig hints revolving around Pizzagate - before declaring as Q. Genuine swamp hunter/exposer.
3. Q was quickly established by DS to kill off the extremely dangerous leak of their more depraved practices. Knowing that if such revelations became mainstream, their goose wasn't cooked. Q designed to distract conspiracy theorists into a dark back alley club they knew normies would never dare enter.

Two of those readings are negative on Q. Odds?

>Do you see what you people are doing to all of these children??? Holy shit!!!! You do know that they WILL absolutely learn the truth. And when they do they will also learn how gullible, ignorant, stupid, and easily-intimidated their brainless coward parents really are. And they will hate you so much forever. Rightfully so. You won't be able to fix that fuck-up. "Ooops" doesn't cut it. Many of them have had to end their own lives to escape the hell you caused. Their blood is on your hands. Look at what you've done!!!!

>Remember when they tried to get you to believe that people were just dropping dead in the streets in the very beginning of all this fake pandemic scare? Fear-based control. Remember when they tried to tell you that piles of bodies were stacking up in waiting rooms, utility rooms, and being loaded into big refrigerated trucks? Remember when they tried to tell you that they had to dig huge mass graves? Fear-based mind control. It works easily on weak-minded, gullible, lazy, willfully ignorant people.

>Remember when they tried to get you to believe that you had to wear a mask everywhere? Remember when they told you that masks weren't enough and you should wear goggles? Remember when they tried to make goggles "trendy" by telling you that you could decorate your goggles and have fun? Remember how they tried to tell you that one mask isn't enough and you should be wearing 2 or three masks. Just wear the whole damn box. Remember when they had doctors and nurses make song and dance videos to get you into the programming?

>Remember how there were no bio-bins everywhere for all of those "contaminated" masks and gloves and ignorant maskholes just threw them on the ground? If it was a real pandemic, there would be bio-hazard bins everywhere. Duh. Remember how there were so many people ignoring so many very important details like that one. Remember how the homeless never bathe, never wash their hands, never use hand sanitizer, and the homeless population wasn't wiped out by this fake pandemic. Every day for a year.

The homeless people are magic.

>Remember how brainwashed triggered dipshyts yelled at random people for not wearing a mask or social distancing? Remember how brainwashed ignorant dipshyts put their own children through hell for no reason? Remember how people weren't allowed to go to work, feed their children, wipe their ass, go to the park, go to funerals, visit our elderly, go on vacation, go to church, go to school, hold graduations, hold weddings, but RIOTS ARE OK? Looting, rioting, arson. They brought a young violent thug into a nursing home to beat the hell out of elderly while preventing their family from being anywhere near them.

>They released thousands upon thousands of dangerous criminals. They arrested, locked up, and heavily fined innocent upstanding citizens. Remember how businesses had to shut down? Remember how people had to suffer without much-needed medical care? Remember how many people committed suicide? Remember how many families will lose their homes? Remember how many marriages were broken? Remember how there were no more outstanding number of deaths in America in 2020 than in any previous year? Covid testing has a 96% false positive rate. Contact tracing. Isolation. Lives destroyed. Covid Internment camps. Pull your heads out of your asses and snap out of it. What part of any of this does anyone fail to comprehend??? How stupid are people??? Look at the States and Nations who didn't participate in masks and lockdowns. Get it now?? You're fools. Because you chose to be fooled. Snap out of it. Look at what you've done!!!!

Welcome To Q Research General

We are researchers who deal in open-source information, reasoned argument, and dank memes. We do battle in the sphere of ideas and ideas only. We neither need nor condone the use of force in our work here.

"We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness."

Take this fool as an opportunity to see how boastful the wretched pickles here are.

We know he's a clown.

He knows we know he's a clown.

He does this because we know he's a clown, that's the frustration this mask is made for.

See through it, lads.

Your next thought, "Why doesn't someone do something about him" is part of his

design, as they own the BO/BV team of this board, and they own the 'govern' program being used to capture your minds in their loosh net.

It's the momentum you feel in the threads - it's not organic by any means, and you can tell this if a thread is created that isn't owned by them.

It feels empty.

It's because they loaded the 'dough' up with their associated subliminals.

Each time you scroll across all that you're programmed with the momentum you feel.

Sick yet?

They use their scripted news flooder to fill the notables with their MOCKINGBIRD agenda - Directing our focus to where THEY want it.

They waste not a single picture to poison with subliminals that rape your mind in ways you don't see.

These positions of influence don't change, which means they hold them until they are banned; Which means they have developed dramatized distractions to maintain their control.

No matter the mask, if the BO/BV team remains the same, that baker is a wretched pickle, and our open borders allowed them to solidify their leverage of control.

We need a cleaning of Fire lads, this whole place needs to be washed of their permanent shit stains.

It's unbelievable how much energy they spend keeping you censored.

You know well it's their groundhog day, the open borders allows them to keep you frustrated and chasing your own tail as they change your behavior and maintain the focus of MOCKINGBIRD.

Stop the groundhog day, lads.

We need to build our Wall.

We are Restoring the Republic of America.

Military & Navy Intelligence, the NSA & its Q group, and more have conducted an unprecedented python approach of The-One-PedoRing-To-Rule-Them-All. There are over 200,000 sealed indictments fueled by the massive NSA information powerhouse turned good under Admiral Rogers.

We are living in historic times, and we've been handed a Map of what's to come, and what's going on in this war between Patriots and Clowns.

Here's the catch: The CIA/MSM has lulled the normies into Fantasy Land and they cannot handle the Truth.

Solution? Memeing Patriots. Seriously.

Suit up lads, we will have Peace through the Strength of our Understanding and give Clarity through our memetic spread.

May God have Mercy on the souls of the confused.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

China Joe Signs Executive Order Banning Federal Use of the Words “Wuhan Virus” to Describe Wuhan Virus

China Joe Biden signed an executive order to ban the use of Wuhan Virus to describe the Wuhan Virus.

That's important!

Joe Biden still says it's xenophobic.

We are living in a clown world.

One America News reported:

In the fight against COVID-19, Joe Biden seems to be prioritizing hollow symbolic gestures over policies with a measurable impact on the welfare and health of American citizens.

Biden signed a memo banning federal agencies from referring to the coronavirus by terms related to its geographic origin, such as China or Wuhan virus.

While no direct mention of President Trump is made, the memo does specifically blame “the actions of political leaders” for “furthering xenophobic sentiments” against Asian-Americans and Pacific Islanders. This is a clear allusion to Biden’s previous attempts to shift focus away from the Trump administration’s achievements in fighting the pandemic towards concerns over political correctness.

“Labelling COVID-19 a foreign virus does not displace accountability for the misjudgments that have been made thus far by the Trump administration. Let me be crystal clear. The coronavirus does not have a political affiliation,” Biden stated. “It will not discriminate based on national origin, race, gender, or zip code.”

Among the sparse number of specific measures dictated by the memo is instructing federal agencies to review the use of these terms in existing policy directives or government publications. This, despite a recent review by CBS News finding “no specific reference to China virus” in any COVID-19 related executive orders issued by President Trump.

Critics pointed out the memo seems to be politically motivated, targeting specific terms employed by President Trump without making any mention of hate crimes against other communities, some of which may have been the victim of hatred stoked by Democrat politicians and left-wing activists.

Hunter Biden Hides From Journalist Asking About 'The Big Guy'

Investigative journalist Phelim McAleer, a documentary filmmaker who exposed abortionist Kermit Gosnell and who is producing the film *My Son Hunter*, traveled to the Venice, Calif., home of President Joe Biden's surviving son, Hunter Biden. Hunter Biden has done multiple softball interviews regarding his memoir. McAleer attempted to ask Hunter Biden questions about his emails, but the president's son avoided him.

"Hunter Biden refuses to answer any serious questions about the allegations against him," McAleer said in a press release on Monday. "Instead, he relies on softball questions and coverups from the mainstream media to carry his lies and the ridiculous claim that he doesn't remember if the laptop is his."

"It's funny that someone who claims to forget everything about his scandals has the ability to write a memoir. Hunter may not have answered us today but we will be back and we will have our questions answered," McAleer added.

Earlier this month, McAleer traveled to Hunter Biden's mansion in Venice (a suburb of Los Angeles) and rang the doorbell. After a voice that appears to have been Hunter's answered over the intercom, a Secret Service agent jumped out of a car parked near the mansion and told McAleer that the president's son would not be taking any of his questions, even though Hunter was scheduled to appear on *Jimmy Kimmel Live* that very night.

"I'm here to ask him some questions," McAleer told the Secret Service agent. "Who are you sir?"

"I work with Secret Service. We're not gonna be taking any questions," the agent replied.

"He's not gonna take any questions. He's not going to come down, so... you can stay as long as you want, but he's not gonna come down and answer any questions," the agent repeated.

In an effort to skirt Secret Service and get Hunter Biden's attention, McAleer took a boat on the Venice canals that run alongside Hunter's mansion.

McAleer held up a sign reading, "Hunter, is this 'The Big Guy'?"

The journalist was referring to emails from a laptop that appears to have belonged to Hunter Biden and testimony from former Hunter Biden associate Tony Bobulinski suggesting that Joe Biden himself took a cut of his son's lucrative deals with foreign governments, including China. A May 13, 2017, email discussing the allocation of equity in a Chinese deal mentioned that "10 percent [was to be] held by H for the Bug Guy."

"In that email, there's no question that H stands for Hunter, Big Guy for his father, Joe Biden, and Jim for Jim Biden," Bobulinski explained.

"On numerous occasions, it was made clear to me that Joe Biden's involvement was not to be mentioned in writing but only face-to-face. In fact, I was advised by Gillier and Walker that Hunter and Jim Biden were paranoid about keeping Joe Biden's involvement secret," the former associate recalled.

The emails surfaced and Bobulinski spoke out during the 2020 election, but Big Tech and the legacy media worked to bury the story, falsely claiming it was misinformation. Studies after the election suggested that if Biden voters had known about the story, they would not have voted for Joe Biden and Donald Trump would likely have won the 2020 election.

The military's inspector general system must be reformed, former DoD IG says

When Spc. Vanessa Guillen's remains were found near her Fort Hood, Texas, duty station, after her family had been saying for months that she'd be sexually harassed by a member of her unit, the Army sent an inspector general to the post to audit its Sexual Harassment and Assault Response and Prevention program. He gave it the all-clear.

Five months later, an independent panel dropped a bombshell report detailing a toxic command climate and environment of sexual harassment and assault at Fort Hood, specifically calling out that Army Forces Command IG team, who didn't investigate Guillen's 3rd Cavalry Regiment.

"Excuse me, but he failed. He absolutely failed in his job," Rep. Jackie Speier, D-Calif., said Thursday, presiding over a hearing of the House Armed Services Committee's personnel subcommittee. "He talked to very few people. He came back with the wrong assessment. He was criticized by this independent review committee, and he's still in his position."

She was talking to the Army Department's lead IG, Lt. Gen. Leslie Smith, after he informed her that the FORSCOM IG in question is still in his position.

"I think that was investigative malpractice. And for that individual to still be in that position --- I'm not suggesting he be fired, but he shouldn't be in that position. And that's part of the problem," Speier said. "We need to professionalize these component IGs and make them independent or they're not going to provide the value that we expect from them."

In those cases, a local inspector general will look into accusations of retaliation, but as Heddell pointed out, those investigators are working within the chain of command accused in the first place.

Reading from Army Regulation 20-1, the policy that governs IG activities, Heddell noted that it describes an IG as beholden to his or her commander, "the conscience of their commanders."

They must understand the commander's personality and serve as a confidante to the commander, it continues.

"The regulation appears to tacitly imply a reverence for the commander that is inappropriate for an inspector general," Heddell said.

The entire system needs an overhaul he said, turning it both into a profession and its own chain of command.

Portuguese Authorities Arrest Members of Montenegrin Mafia

Authorities in Portugal said on Saturday that they have arrested two alleged members of a Montenegrin criminal organization who are sought in the Balkans for extortion and

drug trafficking.

Montenegrin law enforcement issued an international arrest warrant for the two suspects in 2017. Both men, reportedly father and son, are now in preventive detention and await their extradition to Montenegro, Portuguese officials said in a statement.

During the arrest, police seized illegal firearms, false identifications and a vehicle stolen in July 2019.

Local newspaper Jornal de Noticias identified the two men as Igor and Vladimir Božović and said the two suspects allegedly belong to the Montenegrin Kavač gang which is involved in extortion, trafficking and money laundering.

Local media reported that the two men arrived in Portugal in March last year and lived a discrete life, rarely leaving their property.

The criminal organization has been fighting a bloody war with another clan from Montenegro called “Škaljari” over control of cocaine smuggling from South America.

Initially part of the same gang, the Kavač and Škaljari clans split in 2014 after a bad drug deal. Their rivalry has escalated ever since: press reports suggest that more than 40 people have been likely killed in clashes connected to the gang conflict since 2015.

The clan war’s trail of blood stretches across the Balkans and beyond, with murders in Spain, Germany, Austria, the Netherlands, and Greece, an OCCRP investigation revealed last year.

Planned Parenthood's \$80 Million Payday Sparks Call for Probe

Lawmakers accuse abortion giant of inappropriately taking small-business relief

Planned Parenthood improperly took tens of millions of dollars' worth of government loans intended to help businesses during the coronavirus, according to a group of Republicans who want to see the organization investigated.

House lawmakers accused Planned Parenthood of unlawfully using the Small Business Administration's COVID-response program, the Paycheck Protection Program, to obtain millions of dollars in taxpayer funds. Reps. Blaine Luetkemeyer (R., Mo.) and Byron Donalds (R., Fla.) wrote that the Committee on Small Business is calling for the Department of the Treasury and the Small Business Administration to investigate the organization's actions.

"We insist that the SBA and the Department of the Treasury investigate 1.) the distribution of these loans in violation of the relevant affiliation rules and 2.) whether Planned Parenthood violated the law," the lawmakers wrote in a Friday letter.

In May 2020, the multibillion-dollar organization came under fire for taking \$80 million in small-business assistance loans. Planned Parenthood said that its local affiliates qualified for the assistance. The Small Business Administration, however, demanded the money be returned, saying local branches were too closely associated with the national organization to be considered independent. Now, GOP lawmakers are looking for answers as to whether or not the organization broke the law.

"At a time where small-business owners are working tirelessly to open their doors and contribute to their communities again, we must ensure the SBA is using relief funding for its intended purpose---assisting our nation's hardest hit small businesses, not America's most tragic abortion provider," Luetkemeyer told the Free Beacon. "The SBA must immediately investigate Planned Parenthood's blatant violation of the rules to ensure guidelines are followed and American taxpayer dollars are protected."

The letter comes as President Joe Biden's Department of Health and Human Services

threw open the door for taxpayer-funded abortion. The department unveiled new rules concerning Title X family planning funding that reversed Trump administration policies limiting taxpayer funding for abortion providers. Donalds said taxpayer dollars should not be used to subsidize abortion providers.

"Planned Parenthood---the nation's most notorious abortion provider that has an estimated \$2 billion in assets and over 16,000 employees---receiving taxpayer dollars through the Paycheck Protection Program is extremely concerning," he said.

Planned Parenthood defended the loans and accused congressional Republicans of focusing on "baseless political attacks" and targeting centers that "provide essential health care."

"Like many other local nonprofits and health care providers, the independent Planned Parenthood 501(c)(3) organizations who were awarded PPP loans met the eligibility requirements established by both Congress and the Small Business Administration," said Jacqueline Ayers, vice president of government relations and public policy for Planned Parenthood for America.

The Trump administration made changes to the Title X family planning program designed to limit the amount of taxpayer funding for abortion providers. Planned Parenthood withdrew from the program rather than comply with limitations on abortion referrals, forgoing approximately \$60 million in annual federal funding.

The HHS rules are expected to take months to implement but will effectively return Title X funding policy to its pre-Trump status. Senate Republicans ripped Biden for allowing the abortion industry to profit from his presidency.

"President Biden took millions from the abortion industry during his campaign," Sen. Steve Daines (R., Mont.) said. "Now, Planned Parenthood is cashing in."

>>13471416 Thank you, baker!

I have a frankspeech.com bug report; there are many bugs!!!

You do not get a second chance to make a first impression!!!

Scrolling a page (Ubuntu 20.04 desktop, using Google Chrome, and scrolling with the mouse wheel): the page scrolls for a bit, then the right side block scrolls until it reaches the end, then the page scrolls again. This is REALLY BAD USER INTERFACE DESIGN.

I never asked to sign up previously, so there aren't any cookies left on my machine; however, when I first went there today (yesterday it was only showing the video; today it's got the full UI), it's telling me both a green success message, about my registration and logging in; and a red error message, that the one-time login link I clicked was invalid.

Files are not found.

Blocks are not found.

Company that made this doesn't have a web presence. Is one month old in fact! <https://www.bizapedia.com/tn/johnston-howse-llc.html> - AND, last pic related is from that link and has a bug report ABOUT FRANKSPEECH.COM for them, because they can't be reached!

This isn't a good look. I love Mike and want him to succeed. This company he has hired doesn't look like they're using proper methods, whatever those methods are called these days. Test-Driven Development is one old name for them, which means "write the tests first, so that the tests are failing; then, as developers write the code, the tests will start passing; do not ship to customers until all tests pass".

There are other ways to configure a development house. Management is essential; and, it can be "over-managed" like the Scrum/Agile busy-work aspects.

Anyway, showing users the "file not found" and "block not found" errors, in the images I captured? This should not ever happen. Mike's spent money and will now spend a bunch more. Hopefully he can change vendors?

US Court Sentences Organizer of Notorious Hacking Group to 10 Years

A U.S. federal judge sentenced on Friday the former systems administrator of the notorious hacking group FIN7 to 10 years in prison for his role in organizing a criminal network that stole more than a billion dollars from customers whose credit card information was stolen from point-of-sale terminals, according to a Department of Justice (DOJ) press release.

Ukrainian national Fedir Hladyr, 35, was sentenced after he pleaded guilty in the Western District of Washington to conspiracy to commit wire fraud and conspiracy to

commit computer hacking, according to the press release.

“The defendant and his conspirators compromised millions of financial accounts and caused over a billion dollars in losses to Americans and costs to the U.S. economy,” Acting Assistant Attorney General Nicholas L. McQuaid said in a statement.

The hacking group FIN7 targeted the hospitality sector, using malware to obtain information from over 20 million card transactions from more than 6,500 point-of-sale terminals at over 3,600 U.S. locations, according to the Justice Department.

These attacks compromised computer networks of large chain restaurants like Chipotle Mexican Grill, Jason’s Deli, Chili’s, Arby’s and Red Robin, as well as casinos and other hospitality companies.

The hackers used phishing emails combined with phone calls to create the appearance of a legitimate business contact, enticing the recipient to eventually open an attachment which would unleash a modified version of the Carbanak malware to steal credit card information from the target’s customers. FIN7 then either used the information, or sold it to a third party through online dark markets.

The DoJ emphasized the sophistication of the criminal organization, noting that Hladyr played a key role in organizing and managing people at various levels of FIN7.

“This criminal organization had more than 70 people organized into business units and teams. Some were hackers, others developed the malware installed on computers, and still others crafted the malicious emails that duped victims into infecting their company systems,” said Acting U.S. Attorney Tessa M. Gorman of the Western District of Washington.

“This defendant worked at the intersection of all these activities and thus bears heavy responsibility for billions in damage caused to companies and individual consumers.”

Hladyr began his work with FIN7 when he started working for a cyber security company called Combi Security which he later discovered was a front for the hacking group.

19-8709 GREER V. UNITED STATES

DECISION BELOW: 798 F.Appx 483

CERT. GRANTED 1/8/2021

QUESTION PRESENTED:

Last year, this Court held in *Rehaif v. United States*, 139 S. Ct. 2191 (2019), that, in a prosecution under 18 U.S.C. §§ 922(g) and 924(a)(2), the government must prove not only that the defendant knew he possessed a firearm, but also that he knew he belonged to the relevant category of persons barred from possessing a firearm.

Since then the circuit courts of appeals have attempted to define the scope of review when applying the holding of *Rehaif* to cases remanded by this Court.

The question presented is:

Whether when applying plain-error review based upon an intervening United States Supreme Court decision, a circuit court of appeals may review matters outside the trial record to determine whether the error affected a defendant's substantial rights or impacted the fairness, integrity, or public reputation of the trial?

Q

Mossad, short for HaMossad leModi'in uleTafkidim Meyuḥadim, is the national intelligence agency of Israel.

THE MOTTO of Israel's spy agency, Mossad, is, according to recently defected Mossad agent Victor Ostrovsky: "By way of deception thou shalt do war."

The city of Danzig (Gdańsk) was captured by the State of the Teutonic Order on 13 November 1308, resulting in a massacre of its inhabitants and marking the beginning of tensions between Poland and the Teutonic Order. Originally the knights moved into the fortress as an ally of Poland against the Margraviate of Brandenburg. However, after disputes over the control of the city between the Order and the King of Poland arose, the knights murdered a number of citizens within the city and took it as their own. Thus the event is also known as Gdańsk massacre.

“Smart” homes are just modern-day surveillance systems that spy on you and share all your audio and video with police and the FBI

Many in today’s society have been brainwashed into believing that “smart” devices exist to make our lives easier and more convenient. The ugly truth, however, is that Nest thermostats, Alexa speakers, Apple watches and other always-listening, always-watching electronics were actually designed for the purpose of enslaving you under constant surveillance.

People who live in “smart” homes can now be monitored 24 hours a day, seven days a week without the need for a warrant or probable cause, thanks to this clever little “smart” scheme. And in the United States where privacy laws are pitifully weak, there is almost nothing anyone can do about it other than to try to avoid “smart” devices whenever possible.

The problem is that even if you do not personally own anything “smart,” chances are someone you know does. When you visit a friend or a family member, for instance, “smart” devices throughout their homes will watch and listen to you without your consent.

In many cases, consumer spy devices like the “Amazon Echo” relay the data they capture back to the mother ship, typically for the purpose of selling it to third parties. In some cases, however, “smart” devices relay people’s private information to police departments and even the FBI, which could end up using it to falsely incriminate certain targets.

U.S. Immigration and Customs Enforcement (ICE) has even gotten in on the action by secretly spying on “hundreds of millions of phone, water, electricity and other utility records while pursuing immigration violations,” according to a report by researchers from Georgetown Law. Even though the illegal alien invasion has become a serious problem, does it constitutionally justify illegal surveillance?

Technology is a trojan horse for your enslavement

No longer does the establishment require large cameras or spy planes that fly overhead to figure out what people are doing and saying behind closed doors. Now, all it takes is a smart refrigerator that tells you when you need to buy more food, for example, or that tiny camera on the screen of your laptop that supposedly exists to facilitate Zoom calls.

>Originally the knights moved into the fortress as an ally of Poland against the Margraviate of Brandenburg.

https://en.wikipedia.org/wiki/Margraviate_of_Brandenburg

Margraviate of Brandenburg within the Holy Roman Empire (1618)

The Margraviate of Brandenburg was a major principality of the Holy Roman Empire from 1157 to 1806 that played a pivotal role in the history of Germany and Central Europe.

The Margraviate of Brandenburg ended with the dissolution of the Holy Roman Empire in 1806. It was replaced after the Napoleonic Wars with the Prussian Province of Brandenburg in 1815. The Hohenzollern Kingdom of Prussia achieved the unification of Germany and the creation of the German Empire in 1871. As Prussia was the legal predecessor of the united German Reich of 1871--1945, and as such a direct ancestor of the present-day Federal Republic of Germany, Brandenburg is one of the earliest linear ancestors of present-day Germany.

Occult Connections: Deeper Than Dante

(Dauntes Wright>Dantes Inferno)

Lilibets and Aleister Crowley associates

"Well, I knew the Countess when she was 16 years old, before she was a Countess and before the whole, Wettin, World Governing Council stuff. She was one of the beautiful young people who orbited the rock and roll scene back in the 60s and we were a pretty rough lot. She was called Lilibet back then, sort of a nickname for Elizabeth, which is actually her first name. At first we thought, you know, she's the Queen's cousin, she's beautiful and we like having her around, but you know, we have to look after her, you know, protect her from some of these predatory gorillas around us... She'd go away to school in China, she was majoring in Mathematics, already at university, really advanced for her age. Or she'd leave for a few weeks up to Glamis or to Clarence House (in London) and then she'd pop back into our lives every couple of months and you know she and Jimmy (Page) used to have these friendly occult challenges where they'd sit across from each other and see who could make the other person's chair fall over. Silly games like that, and I remember one thing she could do that Jimmy could not is she could actually, literally drop the temperature in the room."

<https://patriotunitednews.com/breaking-news-about-ag-barr-and-now-we-know-why-nothing-was-done/>

“(Gen. Paul)Nakasone (head of Cyber Command and the NSA) strongly dissented, and (Defense Secretary Mark) Esper backed him up in an October letter to Ratcliffe “urging that the information not be released due to the harm it would do to national security, including specific harm to the military,” a senior defense official said. Haspel, too, strongly opposed release of the information. Their argument for protecting sensitive information was finally supported by Attorney General William P. Barr, and Trump backed away, a source close to the events said.”

As the Gateway Pundit reported back in December, Bill Barr claimed “that he had not seen evidence of widespread voter fraud that would change the outcome of the 2020 election.” This new context that AG Barr was fighting to preserve the deep state as early as 2018-19 against Trump loyalists like Patel and Ratcliffe paints Barr’s decision in a whole new light. His dereliction of duty and betrayal of the President and the American people wasn’t at all a new trick. He’d been doing it behind the scenes for years. In a silent battle taking place in the darkest corridors of the Pentagon, a shadow war of which we the public at large, only got to see the final act.

...and Now We Know Why Nothing Was Done

'You're Not The Boss Of Me': Xi Urges Resistance To US 'Setting The Rules For The

World'

Chinese President Xi Jinping on Tuesday issued some aggressive remarks clearly aimed at Washington, but without naming the United States directly, in his keynote address at the Boao Forum on Asia. His emphasis was to warn against the "unilateralism of a few countries" who are prone to "bossing others around" - which can be resisted via greater global economic integration and avoiding the temptation of decoupling.

He spelled out that that countries that "boss others around or meddle in others' internal affairs would not get any support," and that efforts to "erect walls" or "decouple" stand against market principles. This veiled swipe against the US included the words: "openness and integration is an unstoppable trend, any effort to build barriers and decouple works against economic and market principles, and would only harm others without benefiting oneself."

While there's plenty of regional and border countries, not to mention African populations, that would strongly disagree, Xi asserted that "China will never seek hegemony, expansion, or a sphere of influence no matter how strong it may grow," according to a state media transcript.

The remarks came soon on the heels of the White House receiving Japanese Prime Minister Yoshihide Suga on Friday, where China topped the agenda in Biden's first face-to-face meeting with a foreign leader since taking office. Their joint statement focused on China's actions that "are inconsistent with the international rules-based order" and impact "peace and prosperity" in the region, while highlighting human rights abuses and anti-democratic policies in Hong Kong, Xinjiang region, and Taiwan.

The hugely controversial US-Japan statement loomed large in the backdrop to Xi's words:

"The world wants justice, not hegemony," Xi said in remarks broadcast to the forum.

"A big country should look like a big country by showing that it is shouldering more responsibility," he said.

While Xi did not identify any country in his remarks, Chinese officials have in recent times referred to U.S. "hegemony" in public criticisms of Washington's global projection of power in trade and geopolitics.

By contrast, "true multilateralism" will serve to make the world "more fair and equitable," he said.

Bloomberg broadly observed of the speech that it was "dominated by sweeping globalist comments as Xi lauded a system with the WTO and United Nations at its center. He warned we shouldn't let one country set the rules for all and big countries need to

behave appropriately. While he has made similar points before, it's noteworthy that he hammered the message home. Markets were little changed, with stocks erasing initial losses."

China's president also offered that the global pandemic should negate this vision of unilateralism, saying it's become clear the world must reject the "cold-war and zero-sum mentality" and oppose a new "cold war" which hinders common cooperation and progress against the most pressing matters.

And this raises what is perhaps the only 'bright spot' in current relations given the new 'common interest' on climate change. US climate envoy John Kerry last week met with his Chinese counterpart in Shanghai for what is the first high-level trip to China by a top Biden administration official.

https://en.wikipedia.org/wiki/Polish%E2%80%93Lithuanian%E2%80%93Teutonic_War

War began with a Teutonic invasion of Poland in August 1409. As neither side was ready for a full-scale war, Wenceslaus IV of Bohemia brokered a nine-month truce. After the truce expired in June 1410, the military-religious monks were decisively defeated in the Battle of Grunwald, one of the largest battles in medieval Europe. Most of the Teutonic leadership was killed or taken prisoner. The war shifted the balance of power in Central Europe and marked the rise of the Polish--Lithuanian union as the dominant power in the region.

Netanyahu: Israel readying for new vaccination drive in 6 months, including kids

PM tells Israelis to 'prepare their shoulders' again after deals for millions more vaccines reached with Pfizer, Moderna

Prime Minister Benjamin Netanyahu on Tuesday said Israel was readying for another coronavirus vaccination campaign in six months that will include children, after inking new deals with Pfizer and Moderna to buy millions more doses.

"Prepare your shoulders... and kids," he said during a press conference, predicting COVID-19 vaccines would be approved for use in children by then.

He also warned of possible new coronavirus variants or even "a new virus," saying there would be no further COVID-19 resurgence if there are no such "surprises."

Netanyahu's forecast appeared to be based on remarks by Pfizer CEO Albert Bourla, who said last week that he believes a third dose of the company's vaccine will be necessary "somewhere between 6-12 months" after getting the first two doses, and annually after that. Pfizer has said the vaccine it developed with Germany's BioNTech remains 91% effective after 6 months.

Former Virginia Tech Soccer Player SUES Coach, Claims She Was Forced Off Team for Refusing to Kneel Before Games

A former Virginia Tech University women's soccer player Kiersten Hening has filed a federal lawsuit against Hokies women's soccer coach Chugger Adair, alleging that after she refused to kneel before games this season, the coach engaged in a "campaign of abuse and retaliation" that pushed her to leave the program.

“Hening’s stance was costly -- too costly,” the lawsuit, filed March 3, reads. “Her coach dislikes Hening’s political views. Because she refused to kneel, he benched her, subjected her to repeated verbal abuse, and forced her off the team.”

Adair has been at the helm of the Hokies soccer program for 10 seasons, and is the programs all-time winningest coach. He declined to comment and is being represented by university attorneys.

Associate vice president of university relations Mark Owczarski said the school is declining comment at this time.

The suit seeks a ruling that orders Adair to “undergo First Amendment training,” and to have Hening reinstated on the team, in addition to unspecified monetary awards for compensatory, punitive and nominal damages and costs associated with her case.

Hening’s attorneys did not respond to phone calls or emails requesting interviews Sunday and Monday.

The lawsuit alleges that, during halftime of the Sept. 12 season opener at UVA, “Coach Adair berated Hening for her stance. He singled her out and verbally attacked her, pointing a finger directly in her face. He denounced Hening for ‘bitching and moaning,’ for being selfish and individualistic, and for ‘doing her own thing.’”

According to the lawsuit, Adair targeted Hening instead of the other player who remained standing because that player was on scholarship and her parents had a previous phone conversation with Adair and had “warned him not to retaliate against their daughter for opposing (Black Lives Matter).”

Hening’s suit claims Adair continued to single her out and unfairly criticize her performance before and during the team’s next match against Clemson on Sept. 17, a game Hening -- who started 37 matches her first two seasons at Tech – did not start. She did not start the team’s third match of the season, against North Carolina on Sept. 20, either. After that game, she left the program.

<https://patriotunitednews.com/the-chinese-were-caught-releasing-assassins-mace-on-president-donald-j-trump/?utm>

The Chinese Were Caught Releasing 'Assassins Mace' on President Donald J Trump

Tech billionaire and entrepreneur Patrick Byrne released details of an investigation during an interview, alleging that the Chinese Communist Party's "assassin's mace" was responsible for the election fraud in 2020 that may have cost Donald Trump the presidency.

China has been attempting to influence and corrupt the U.S. for decades, and it appears that they have succeeded. From news of communist propaganda and cash being distributed at universities, to the evidence that China had a hand in influencing our elections, it is clear that the U.S. government has failed at protecting the American people from Chinese influence.

During his interview with the Epoch Times, Patrick Byrne revealed: "For 10 years or more, there have been references to a coming 'assassin's mace' in the Chinese literature---where they take out the United States with one stroke. The national security community in the United States has been trying to figure this out: Is it their new aircraft carrier? Is that the hypersonic missile? Is it this, that, is it an EMP? I don't think so. The one stroke that takes the United States out is what we're experiencing right now."

The Pentagon has described "assassin's mace" as a term used to designate "a wide array of technologies that might afford an inferior military an advantage in a conflict with a superior military power," the New Atlantis, a Journal of Technology & Society, reports.

To gather information, Byrne assembled a cyber-intelligence team to analyze the voting system in the United States. According to Byrne, the team concluded that there was "massive election fraud. Not voter fraud, but election fraud." The information which led to that conclusion has been used in several voter fraud lawsuits by powerful attorneys such as Lin Wood and Sidney Powell.

Byrne has also worked closely with ASOG, the company that conducted a forensic audit of voting machines in Antrim County, Michigan. According to Byrne, the evidence points to the Chinese Communist Party as the culprit behind the software responsible for infiltrating U.S. election systems.

"We are basically reverse-engineering this coup," he said, referring to his team of 30 to 40 cyber experts. "That group has had two years to really reverse engineer what the rest of America has had a couple of weeks to understand. They had already figured out really about a dozen different ways you could defeat an election or hack an election---in a broad sense of hack, not necessarily just electronic cyber guys hacking." ...

"The Chinese are funding Smartmatic through the Panamanian division of Smartmatic, but it bounces through Venezuela. There are Chinese developers under the hood of this stuff back in China who are actually getting their software into the Smartmatic systems which have infiltrated at least two of the main voting systems used domestically," he added.

"There are six counties that you need to steal. If you steal these six counties around the country, that flips the six states they're in, which flips the electoral college votes that come with them, which flips the nation. You've got to take six places and cheat like crazy there," Byrne continued.

What is most concerning about all of this is, even if Byrne is correct about the Chinese Communist Party's "assassin's mace," it will likely never be investigated thanks to the left, the mainstream media, and spineless judges.

(and so it goes and the steal is still holding. if only a group of terminally ill patriots could band together. Imagine the good they would do)

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

When asked why the Communists destroy the middle class or educated and their entire families when they invade a country Mr. Harrold Wallace Rosenthal replied:

"It is an established rule to destroy all members of pre-existing government, their families and relatives but never Jews. They destroy all members of the police, state police, army officers and their families but never Jews. You see, we know when a government begins to search for the Communists within its borders -- they are really attempting to uncover Jews in their area. We're not fooled! The invisible rulers in the Communist countries have a world control over the propaganda and the governments in free countries. We control every media of expression including newspapers, magazines, radio and television. Even your music! We censor the song released for publication long before they reach the publishers. It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

Deny satans advances, begging betrayer be beggin' hard lately~

Just so (You)'re aware, the one I dub 'satans toilet' wants to become your template.

Sees themselves as a template for You, as a being.

Confused?

They are siphoning your psychic energy and impressing themselves upon your being, to force you to mirror them. Like a predator traumatizing its prey.

Sick yet?

"I pull the strings, and the elite dance"

- Somerset Belenoff, Countess of Banbury and Arran

Somerset Belenoff, Countess of Banbury and Arran, chairs the World Governing Council and is the Chief Executive Officer of the World Security Office, which is the prosecutorial and enforcement arm of the House of Wettin's Upper Chamber. This is the powerful cabal which controls all of the elite Illuminati groups familiar to researchers.

She attended Benenden School, of which Princess Anne is also an alumnus.

Vladimir Putin has said that The Countess of Banbury and Arran is both the most beautiful woman and the most terrifying person he has ever met

She rules the House of Wettin's Upper Chamber with an iron fist and is likely responsible for the execution of dozens of Illuminati (see the section titled "Purge of the Princes" on the There will be Blood tab). The most recent executions are those of 3 elite international bankers, murdered in California in May, 2018.

Through statements and actions over the years, Belenoff has made it very clear that she considers groups such as the Bilderbergers, Council on Foreign Relations, Trilateral Commission, etc. to hold a lower position in the cabal than those born into nobility. She refers to these lesser Illuminati members as "grubby, downstairs staff, inferior in rank, intellect, common sense and breeding."

Soon after the take-over, on 19 June 1310, the Teutonic Knights faced charges that they had committed a massacre in a bull issued by pope Clement V:

"Latest news were brought to my attention, that officials and brethren of the aforementioned Teutonic order have hostilely intruded the lands of Our beloved son Wladislaw, duke of Cracow and Sandomierz, and in the town of Gdańsk killed more than ten thousand people with the sword, inflicting death on whining infants in cradles whom even the enemy of faith would have spared."

Grassley Calls On Schumer To Extend Restrictions On Deadly Fentanyl Analogues Fueling Opioid Overdose Deaths

Extension must allow time for Congress to develop more permanent solution

WASHINGTON -- Sen. Chuck Grassley (R-Iowa), ranking member of the Senate Judiciary Committee, is calling on Senate Majority Leader Chuck Schumer (D-N.Y.) to extend temporary restrictions on fentanyl analogues that are driving overdose deaths during the opioid epidemic. In a letter this week, Grassley pressed Schumer to advance an extension that provides necessary time for Congress and the administration to work toward a more permanent solution to address rapidly evolving opioid analogues.

“A sufficiently lengthy extension is necessary for the Administration interagency and Congressional partners to come together on how to schedule fentanyl-related substances in balance with criminal justice and research equities. Additionally, we must ensure ample time for the new Administration to build its staff, develop internal goals and strategies, and report to Congress -- either through hearings or briefings – on its progress,” Grassley said.

On Monday, Grassley introduced bipartisan legislation to extend the temporary authority to add substances substantially similar to fentanyl to Schedule I of the Controlled Substances Act. In 2020, Congress extended this authority through May 6, 2021, with unanimous support in the Senate.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will

and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

Grassley, Spartz Urge President Biden To Prohibit 'Sue-And-Settle' Practice

WASHINGTON -- Senator Chuck Grassley (R-Iowa) joined Representative Victoria Spartz (IN-05) and 16 colleagues to send a letter to President Biden urging him to prohibit a practice known as 'sue-and-settle.'

Sue-and-settle tactics place special interest priorities above the public interest by allowing activist agencies to circumvent the public rulemaking process through "friendly lawsuits" and settlements, undermining the Administrative Procedure Act and costing taxpayers billions of dollars.

"For years prior to the Trump administration, pro-regulation activists have colluded with complicit federal agencies to short circuit our transparent rule making process and force new policy without any public input. The Biden administration should build upon the work of the Trump administration to once and for all put a stop to this abusive practice," Sen. Grassley said.

"Congress must provide proper legislative oversight of the executive branch to ensure transparency and accountability," said Rep. Spartz. "Congress is the only branch which should be producing laws. All rulemaking processes must be conducted under the Administrative Procedures Act and have proper regulatory oversight."

According to the American Action Forum, from 2005 to 2016, twenty-three sue and settle regulations resulted in a cost burden of \$67.9 billion, with \$26 billion in annual costs. Sixteen of the rules impose paperwork burdens on American jobs creators of more than eight million hours.

In addition to the letter issued to President Biden, Rep. Spartz and Sen. Grassley are also working to address this issue legislatively.

Maxine Waters Condoned 1992 LA Riots, Defended Some Looting, Old Footage Shows

Thousands of National Guard troops and police from multiple states have been deployed in Minnesota as the state braces for the jury's verdict in the trial of Derek Chauvin, the former Minneapolis police officer accused of killing George Floyd in May 2020. The nationwide protests which followed Floyd's death caused 25 people to lose

their lives.

Maxine Waters, the Democratic congresswoman from California facing growing pressure over her comments urging Black Lives Matter protesters to “get more confrontational” if Derek Chauvin is not convicted for “murder,” also partly defended the 1992 riots which swept across Los Angeles and killed 63 people in the aftermath of the acquittal of the police officers who beat Rodney King, unearthed footage reveals.

“There are scores of injuries, and still anger and frustration, and people who plan on staying on the streets, and expressing their outrage and anger in any way they deem necessary. There are those who would like for me and others and all of us to tell people to go inside, to be peaceful, that they have to accept the verdict. I accept the responsibility of asking people not to endanger their lives. I am not asking people not to be angry,” Waters said in a C-Span video dated 30 April, 1992, day two of the six days of riots which rocked the West Coast city that year.

“I am angry and I have a right to that anger. And the people out there have a right to that anger. We don’t want anybody killed. None of us believe in violence. But there are some angry people in America,” Waters added.

She went on to call violent LA rioters’ motivations “somewhat understandable, if not acceptable,” and to defend some looting as a matter of urgency.

“There were mothers who took this as an opportunity to take some milk, to take some bread, to take some shoes. Maybe they shouldn’t have done it, but the atmosphere was such that they did it. They are not crooks,” she said in a separate interview with local media at the time.

“One lady said her children didn’t have any shoes. She just saw those shoes there, a chance for all of her children to have new shoes. Goddamn it! It was such a tear-jerker. I might have gone in and taken them for her myself,” Waters said.

Waters’ decades-old comments carry new meaning amid the firestorm of controversy she has faced over her remarks Saturday urging protesters in Brooklyn Center -- the city where 20-year-old African American Daunte Wright was gunned down by a white police officer last week, to ignore curfew, to “stay on the streets” and “get more confrontational” if Derek Chauvin, the former officer accused of killing George Floyd, is not convicted.

Waters’ comments prompted some Republicans to accuse her of inciting riots and violence in Minnesota, and demanding that she resign or be expelled from Congress.

Democratic House Majority Leader Nancy Pelosi defended Waters on Monday, saying the congresswoman “absolutely” did not incite any violence, and drawing parallels between Waters’ call for confrontation and the civil rights movement.

Judge Peter Cahill, the judge presiding over the Chauvin trial, blasted Waters and other officials for their incessant commenting on the trial, saying he “wished” officials would “stop talking about this case, especially in a manner that’s disrespectful to the rule of law and to the judicial branch and our function,” and calling their failure to do so “abhorrent.” Waters’ remarks, he said, could serve as potential grounds for an appeal by Chauvin’s defence if he is convicted.

https://en.wikipedia.org/wiki/Free_City_of_Danzig

The Free City of Danzig (Wolne Miasto Gdańsk) was a semi-autonomous city-state that existed between 1920 and 1939, consisting of the Baltic Sea port of Danzig (now Gdańsk, Poland) and nearly 200 towns and villages in the surrounding areas. It was created on 15 November 1920 in accordance with the terms of Article 100 (Section XI of Part III) of the 1919 Treaty of Versailles after the end of World War I.

The Free City included the city of Danzig and other nearby towns, villages, and settlements that were primarily inhabited by Germans. As the treaty stated, the region was to remain separated from the post-war German Republic and from the newly independent Polish Republic, but it was not a sovereign state. The Free City was under League of Nations protection and put into a binding customs union with Poland.

By 1936, the city's senate had a majority of local Nazis, and agitation to rejoin Germany was stepped up. Due to German antisemitism, persecution and oppression, many Jews fled. After the German invasion of Poland in 1939, the Nazis abolished the Free City and incorporated the area into the newly formed Reichsgau of Danzig-West Prussia.

The Nazis classified the Poles and Jews living in the city as subhumans, subjecting them to discrimination, forced labor, and extermination. Many were sent to their deaths at Nazi concentration camps, including nearby Stutthof (now Sztutowo, Poland).

During the city's conquest by the Soviet Army in the early months of 1945, a substantial number of citizens fled or were killed. In 1945, the city officially became part of Poland in accordance with the Potsdam Agreement. In the period immediately after the war, many surviving Germans were expelled to West or East Germany, while members of the pre-war Polish ethnic minority started returning and new Polish settlers began to come. Due to these events, Gdańsk suffered severe underpopulation and did not recover until the late 1950s.

'We have evidence that woke politics is making the west desperately weak'

Sky News host Andrew Bolt says "we have evidence that woke politics is making the west desperately weak" after New Zealand's Foreign Affairs Minister refused to criticise China on COVID-19's origins or on the treatment of Hong Kong and its activists.

"As I've said before, New Zealand is selling out Australia -- and the west -- to keep sweet with the genocidal Chinese dictatorship," he said.

"New Zealand figures other democracies can do the fighting. New Zealand can meanwhile sweet talk China and clean up businesswise. But it may be worse than that. I think woke culture is also to blame.

"New Zealand's foreign minister is dizzy with her new age earth worship and old nature gods. For her, China is an ally in the fight against global warming, which seems to her far more important than the danger of war. China would be laughing."

DOJ reopens investigation into killing of George Floyd: report

A federal grand jury has been empaneled to consider charges against Derek Chauvin, who kneeled on George Floyd's neck.

Biba Adams

February 24, 2021

<https://thegrio.com/2021/02/24/chauvin-federal-grand-jury/>

The Justice Department is investigating the actions of former Minneapolis Police officer Derek Chauvin.

According to a new report from The New York Times, a grand jury has been empaneled to consider federal charges against Chauvin, who, along with three other former Minneapolis officers, has trials pending in Minnesota --- his in March, for second-degree murder and second-degree manslaughter.

The federal investigation will automatically trigger if Chauvin is acquitted or if there is a mistrial in the state trial. He could be charged with violating George Floyd's civil rights.

Chauvin kneeled on Floyd's neck for nearly nine minutes on May 25, 2020, resulting in his death; Thomas Lane, J. Alexander Kueng and Tou Thao helped him restrain the

prone Floyd and kept onlookers distanced. The incident, which was captured on bystanders' video, sparked a summer of global protests against U.S. police violence.

The federal charge of violating a person's civil rights is not based on race, but the idea that Chauvin "willfully" violated Floyd's constitutional rights, particularly the right to due process. According to the report, the federal grand jury is focused particularly on Chauvin's actions. He was the senior officer on site.

Massive fire in Langley township forces 100 people from their homes

A massive fire at a Langley Township condo complex Monday night sent flames shooting dozens of meters into the sky.

It could be seen from as far away as Delta and Coquitlam.

The building was under construction but only the elevator shafts remained standing Tuesday morning.

Witnesses said people living near the engulfed complex, near 208th Street and 80th Avenue, were asked to evacuate as it appeared to spread to neighbouring buildings.

Just after 11 p.m., an explosion was heard and everything for several blocks around went dark.

Witnesses said the building collapsed, knocking down nearby powerlines.

The power to nearby homes, street lights and traffic lights appeared to have been knocked out for some time by the explosion.

Traffic in the area was heavily impacted and people are asked to avoid the area Tuesday.

At this time there are no reports of any injuries and the cause of the fire has not been determined.

https://en.wikipedia.org/wiki/Polish_Corridor

The Danzig / Gdańsk Corridor was a territory located in the region of Pomerelia which provided the Second Republic of Poland (1920--1939) with access to the Baltic Sea, thus dividing the bulk of Germany (Weimar Republic) from the province of East Prussia. The Free City of Danzig was separate from both Poland and Germany. A similar territory, also occasionally referred to as a corridor, had been connected to the Polish Crown as part of Royal Prussia during the period 1466–1772.

Britain records 33 Covid deaths as fatalities rise slightly on last week while cases stay flat at 2,524 - but hospital admissions fall by nearly 20% with just 192 newly-infected patients needing NHS care

Testing numbers jumped massively over the weekend, with 1.7million swabs carried out on Saturday

People testing positive stayed relatively flat rising by just 2.1% since last Tuesday despite the surge in testing

More than 33million people have now had a first vaccine dose while more than 10.4million have had a second

Nearly 60 per cent of all the 56,910 Covid deaths that have occurred in 2021 were people aged 80 or over

Dozens of passengers test positive for COVID on flight from India to Hong Kong

At least 53 passengers on an Indian airline flight from Delhi to Hong Kong this month reportedly tested positive for COVID-19 -- after everyone aboard had tested negative within 72 hours prior to departure.

The Vistara airline plane --- which landed in Hong Kong on April 4 --- can hold 188 passengers, but officials in the territory did not announce Tuesday how many were aboard the buggy flight, Agence France-Presse reported.

News about the large number of infections comes as the Chinese financial hub introduced an emergency ban on arrivals from India amid a new surge in cases.

Hong Kong has regularly recorded fewer daily cases than the total number detected on the Indian flight since it brought a fourth wave under control in January.

The positive results emerged while the arriving passengers were undergoing Hong Kong's mandatory three-week quarantine period, one of the strictest entry requirements in the world.

All travelers flying in from 25 places deemed high-risk including the UK, South Africa, India, Pakistan and the US also must provide a negative test within the 72 hours prior to departure.

Several cases also have been detected on flights arriving in Hong Kong from Mumbai, officials said.

Meanwhile, local authorities on Monday imposed a two-week ban on all flights from India, Pakistan and the Philippines, categorizing the countries as "extremely high risk" after detecting the N501Y strain for the first time.

On Monday night, India's capital, New Delhi, went into lockdown as officials struggle to bring the surging cases under control.

Henry Kissinger openly threatens with sparking WW3 in Europe if the world doesn't submit to the globalist Cabal.

General situation assessment 20.04.2021

The Cabal can't destroy United States or Russia directly, so it's using Biden as a proxy through China to create a crisis in Ukraine. Which it will then try to broaden and escalate to cover the broader Black Sea region as well as spread it to the Baltic Sea region. This would also pull Europe in its entirety into the crisis as well.

Because the Cabal is using Biden as a proxy through the CCP which is one of their other proxies, none of the three superpowers can blame the Cabal directly. The Cabal is most likely going to seek to use Biden to escalate the situation by manipulating manoeuvres in the ongoing Defender Europe 21 exercise.[1]

The Cabal is doing this in an attempt to create WW3. There is a video from Chatham House where Henry Kissinger states this pretty directly at 21:54 -- 22:49.[2]

Quote: "So, is it possible for us to develop a foreign policy, thinking together with allies and understood by other countries that looks for world order at the basis of that sort of analysis. If we don't get to that point and if we don't get to an understanding with China on that point, then we will be in a pre-world war one situation in Europe, in which there are perennial conflicts that get solved on an immediate basis. But one of them gets out of control at some point."

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

More from NYT article:

"Three days after Mr. Floyd died, Erica MacDonald, the outgoing U.S. attorney in Minnesota, said that her office and the Justice Department's civil rights division would investigate whether the officers violated federal law, calling the case a "top priority."

But the attorney general at the time, William P. Barr, said at a news conference that "as a matter of comity," the department "typically lets the state go forward with its proceedings first," a statement that put to rest the possibility that a charging decision would come before the election.

Nevertheless, Mr. Barr made clear that the video was harrowing. "When you watch it, and imagine that one of your own loved ones was being treated like that, and begging for their lives, it is impossible for any normal human being not to be struck in the heart with horror," he said.

As The New York Times recently reported, three days after Mr. Floyd died on May 25, Mr. Chauvin was ready to plead guilty to third-degree murder and go to prison for more than a decade. But the offer fell apart after Mr. Barr, at the last minute, rejected the

deal, which had been contingent on the Justice Department's agreement not to bring additional federal charges in the future. Last summer, a federal grand jury in Minneapolis, which has since expired, began hearing evidence and testimony about Mr. Floyd's death.

The department has previously opened up investigations into several high-profile assaults and killings of Black people by police officers --- including the killings of Eric Garner on Staten Island, Tamir Rice in Cleveland, and Michael Brown in Ferguson, Mo. — but it has rarely charged officers in those cases.

Former Justice Department officials say that is in part because the department has only one charge it can bring in these cases --- that in the course of policing, an officer willfully deprived someone of his or her civil rights — and that the charge is difficult to prove.

While it is easier to show that an officer's use of force deprived someone of his or her civil rights, determining whether it was "willful" has been a challenge, said Jonathan M. Smith, a former official in the Justice Department's civil rights division who now serves as executive director of the Washington Lawyers' Committee for Civil Rights and Urban Affairs.

"Willfulness is the highest intent standard under criminal law --- that the person set out to act with the purpose of depriving someone of their rights," Mr. Smith said. "You need to prove that the law enforcement officer actually knew that he was going to violate someone's rights and acted with that purpose in mind. It's akin to proving first-degree murder."

Justice department files complaint against unproven Covid treatment promoted by Steve Bannon

The Department of Justice has filed a civil complaint against the makers of an alleged treatment for Covid-19 promoted by Steve Bannon on his website.

Donald Trump's former adviser appears in ads on his website for "The War Room Defense Pack", which pairs vitamin D3 and zinc pills under the slogans: "You can't fight if you're sick!" and "The ultimate defense against sickness."

Manufactured by Wellness Warrior, the tablets come with a free copy of War Room's Defense Guide, emblazoned with a photo of Mr Bannon, and his War Room: Pandemic podcast logo featuring the biohazard symbol, and the Chinese flag.

Named as defendants in the justice department's case are Eric Anthony Nepute and Quickwork LLC, doing business as Wellness Warrior. Mr Bannon is not named in the suit.

The Independent has contacted Wellness Warrior for comment and attempts were made to reach Mr Bannon.

A disclaimer at the foot of the website advertising the partnership with the podcast reads: "These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease."

This is the first enforcement action alleging violations of the Covid-19 Consumer Protection Act, passed in December 2020.

The act makes it unlawful to "engage in a deceptive act or practice" relating to the treatment, cure, prevention, mitigation, or diagnosis of the coronavirus.

According to a complaint filed in the US District Court for the Eastern District of Missouri, the defendants advertised that their vitamin D and zinc nutritional supplements could prevent or treat Covid-19 without competent or reliable scientific evidence to support their claims.

They also allegedly advertised, without scientific evidence, that their supplements were equally or more effective therapies for Covid-19 than the currently available vaccines.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

Trudeau's budget includes new legal support for asylum seekers

Justin Trudeau's 2021 budget includes millions of dollars for "legal information and advice for racialized Canadians and asylum seekers."

The investments were listed on page 284 of Budget 2021: A Recovery Plan for Jobs, Growth, and Resilience.

Here's what the budget proposes:

Enhancing Legal Support for Vulnerable Communities

The government is committed to building a strong justice system and ensuring fair outcomes for all involved. That is why the government is making investments to support access to legal information and advice for racialized Canadians and asylum seekers.

Budget 2021 proposes to provide \$21.5 million over five years, starting in 2021-22, for a Racialized Communities Legal Support Initiative. This would support organizations that provide free public legal education and information as well as organizations that provide legal services and advice to racialized communities.

Budget 2021 also proposes to provide an additional \$26.8 million, in 2021-22, to enable participating provinces to maintain immigration and refugee legal aid support for asylum seekers, while protecting the efficiency and integrity of the asylum system.

The federal budget was tabled on Monday and faces several votes in the House of Commons, which could trigger a spring election.

Wow!

To our Frens up north, Stay strong, keep Praying and Trust in God. Frens, WWG1WGA is not just a catchy saying, it has deep meaning to ALL of us. Our Northern Frens, member, there are a whole LOT more of us then there is of [Them], WE the People hold the power! [They] can NOT "take" our God given rights, only we can kneel and hand them over. I don't say this lightly and only at no other option, but we each have to decide, we each have to ask ourselves two questions;

Will we die standing as a Free Person or will we kneel, only to die when [They] decide we are no longer of use to [Them] at a later date?

What kind of world are you willing to leave for your children, and for theirs?

Pray Frens, we are Praying for you! And know, you are so much Stronger then you realize! Love you! In it together! WWG1WGA!

It's a coverup.

Just like Monica Jewinski was used to coverup the Clinton-Whitewater drug money laundering operation.

The question you will not see the FBI or media ask is WHY did the cop kill Floyd in broad daylight. Every action is being used to coverup the fact that Floyd and Chauvin worked together at a night club and Floyd was caught trying to pass a counterfeit bill.

Did that funny money, Floyd, Cauvin and the nightclub have a connection?

Antifa Chants 'Hit a Cop With a Baseball Bat' During Violent Frederick, Maryland
Demonstrations

Left-Wing Radicals Took to the Streets of Frederick, Maryland With a Violent Anti-Cop
Message

A group of AntiFa radicals led threatening chants of "hit a cop with a baseball bat," during violent demonstrations in Frederick, Maryland; the latest instance of extreme left-wing activity in a community once known for the conservative streak that set it apart from other regions of the state.

"From the Nile to the Platte, hit a cop with a baseball bat!", the group, which reportedly goes by the name "Frederick Socialists," chanted through bullhorns during the "free the people, fight the power, fuck the police march" down a residential street in one of several short clips posted online by march attendees.

According to organizers, the group's demands included the "firing" of Frederick County Sheriff Chuck Jenkins (an elected Republican and frequent target of the radical left), the ending of the county's cooperation with ICE as part of the 287(g) immigration enforcement program, and for local officials to "reallocate funds into the community."

During the march that appeared to span several neighborhoods, attendees burnt flags and attacked a motorist with a pro-police bumper sticker, setting upon the vehicle before posting identifying information online with instructions for fellow leftists to "do with this as you must." The post was part of a larger Twitter thread from a self-proclaimed AntiFa radical who documented the march attended by an estimated group of 30 individuals. According to police, buildings, homes, and public property were vandalized.

https://en.wikipedia.org/wiki/Battle_of_Klushino

In the battle the outnumbered Polish force secured a decisive victory over Russia, due to the tactical competence of hetman Stanisław Żółkiewski and the military prowess of Polish hussars, the elite of the army of the Crown of the Kingdom of Poland. The battle is remembered as one of the greatest triumphs of the Polish cavalry and an example of excellence and supremacy of the Polish military at the time.

Hetman Żółkiewski:

"The hedge between us was long... There were, however, gaps in it and when we moved to attack, we had to break out through them. That hedge was a serious obstacle to us, for behind it Pontus had stationed infantry who very greatly hampered our men as they sallied out from and returned through the gaps."

"The battle lasted a long time, for both our men and theirs... The falconets arrived with some infantry and met a great need. For the gunners discharged the falconets at the German infantrymen who stood by the hedge, and our infantry, not numerous but tried and experienced in many battles, rushed at them."

"Then when there were no more of the German infantrymen harassing us by the hedge, a few troops of our cavalry, joining together, charged the foreign cavalry with lances -- those who still had them -- sabers and broadswords, They, deprived of protection of the Russian soldiers and cavalry, unable to resist, began escaping back into their camp. But there too our men rode after, and hitting and hacking drove them through their own camp"

"It was hard to charge at him with the cavalry, which was exhausted. There was no more fresh infantry. We had only my regiment and Count Chmielnicki's, as we had to leave the rest besieging the Carowa-Zajmiszcze camp, so there was no way to continue."

"about that I shall remember, for it is beyond belief, that the companies managed eight or ten times to fall upon the enemy. (...) After the repeated charges and hand-to-hand fighting with the enemy, our equipment was broken and our strength was dissipated (...) The horses were also ready to drop, because they have not received sustenance since dawn and for five hours of battle, they had served with a will but were reaching the limits which nature imposes."

"Seeing us weaken, Szujski ordered two reiter cornets, who were in readiness to move against us, to attack and destroy us. By the grace of God, they became the reason of our victory. As they moved forward we exchanged a salvo of fire with them, and each front rank fell back to reload the pistol or arkebuz in the ordinary manner,

while the second rank advanced to fire their salvo. Seeing their rank retreat to load their secondary weapons, we did not wait for their next rank. We swooped down on them, sword in hand -- whether they had managed to reload or not, I would not know because they took for the rear and did not stop galloping until they reached the Russian reserve at the rear camp gate, where their several tidy formations became chaotically entangled."

"The Muscovites ran by God's grace for a mile, while we slashed at them and grabbed the rich ones, who, carrying what they owned, tried to get away" "Far more Muscovites fell in 2 or 3 miles of pursuit then fell in their ranks in battle,"

Bill Gates - Lockdowns are Required to Sell Vaccines

On March 24 Bill Gates gave a highly revelatory 50-minute interview (above) to Chris Anderson. Anderson is the Curator of TED, the non-profit that runs the TED Talks...

At 33:45, Gates drops this bomb:

We don't want to have a lot of recovered people [...] To be clear, we're trying - through the shut-down in the United States - to not get to one percent of the population infected. We're well below that today, but with exponentiation, you could get past that three million [people or approximately one percent of the U.S. population being infected with COVID-19 and the vast majority recovering]. I believe we will be able to avoid that with having this economic pain."

It appears that rather than let the population be exposed to the virus and most develop antibodies that give them natural, long-lasting immunity to COVID-19, Gates and his colleagues far prefer to create a vast, hugely expensive, new system of manufacturing and selling billions of test kits, and in parallel very quickly developing and selling billions of antivirals and vaccines.

And then, when the virus comes back again a few months later and most of the population is unexposed and therefore vulnerable, selling billions more test kits and medical interventions.

Right after that, at 34:14, Gates talked about how he sees things rolling out from there.

Eventually what we'll have to have is certificates of who's a recovered person, who's a vaccinated person [...] Because you don't want people moving around the world where you'll have some countries that won't have it under control, sadly. You don't want to completely block off the ability for people to go there and come back and move around. So eventually there will be this digital immunity proof that will help facilitate the global reopening up."

[Sometime on the afternoon of March 31 the last sentence of this quote was edited out

of the official TED video of the interview. Fortunately, recordings of the complete interview are archived elsewhere.]

In the October 2019 Event 201 novel-corona virus-pandemic simulation co-sponsored by the Bill & Melinda Gates Foundation, the World Economic Forum and a division of the Johns Hopkins Bloomberg School of Public Health, a poll that was part of the simulation said that 65% of people in the U.S. would be eager to take a vaccine for COVID-19, "even if it's experimental."

This will be tremendously lucrative.

Vaccines are very big business: this Feb. 23 CNBC article, for example, describes the vaccine market as six times bigger than it was 20 years ago, at more than \$35 billion annually today, and providing a \$44 return for every \$1 invested in the world's 94 lowest-income countries.

Notably, the Bill & Melinda Gates Foundation - which has an endowment of \$52 billion - has given more than \$2.4 billion to the World Health Organization (WHO) since 2000, according to a 2017 Politico article. (While over the same time frame countries have reduced their contributions to the world body, particularly after the 2008-2009 depression, and now account for less than one-quarter of the WHO's budget.) The WHO is now coordinating approximately 50 groups around the world that are working on candidate vaccines against COVID-19.

The Politico article quotes a Geneva-based NGO representative as saying Gates is "treated liked a head of state, not only at the WHO, but also at the G20," and that Gates is one of the most influential people in global health.

Meanwhile, officials around the world are doing their part to make sure everyone social distances, self-isolates and/or stays locked down.

For example, here's Toronto's Medical Officer of Health, Dr. Eileen de Villa, at her and Toronto Mayor John Tory's March 30 press briefing:

"We find ourselves in the midst of a global pandemic. We should expect some more people will get sick - and for some, sadly, will die. This is why it is so important to stay at home to reduce virus spread. And to protect front-line workers, healthcare workers and our essential workers, so they can continue to protect us. People shouldn't have to die, people shouldn't have to risk death taking care of us because others won't practice social distancing or physical distancing."

Yet look how close Ontario's Chief Medical Officer of Health, Dr. David Williams, is sitting to Haley Chazan, Senior Manager, Media Relations, for Christine Elliott, Deputy Premier and Minister of Health of Ontario.

This was on Friday, March 27, just before the start of that day's daily press conference

by Dr. Williams and Ontario's Associate Medical Officer of Health Dr. Barbara Yaffe:

Probably (one of) the most well-known and professional flower shops in Tehran. It is worth a visit even if you're not planning to buy anything; but beware, you might end up with handfulls of vases and baskets. The shop offers all sorts of floral services, supplements, and equipments. Yet, I believe it would really help if they had more staff specifically instructed to offer guidance and tips to visitors.

'Slave Sale' Flyers Found Near Aledo Schools Prompt Investigation by Authorities, Media Says

The Aledo ISD superintendent stated that she is troubled by the flyer incident, and reportedly announced "the beginnings of a plan" aimed at tackling the problem.

Aledo ISD police moved to investigate an incident involving flyers displayed near local school campuses advertising a "great sale of slaves", Fox affiliate KDFW reports.

"It looked like somebody had just thrown them out of their car and just let them land where they wanted to," said Toni Lopez, who reportedly collected nearly 50 of the flyers to throw them in a dumpster.

According to the media outlet, Lopez and several other parents and students addressed the school board about the flyers and about a situation with a Snapchat conversation last month in which students discussed how much some of their fellow classmates would be worth in a slave trade.

Superintendent Susan Bohn said that she was troubled by the flyer incident, and observed that "this behavior does not reflect the values of our school district or our community."

She also mentioned "the beginnings of a plan" to address the incident, including measures such as "reinforcing current conduct rules and consequences, creating working groups between members of the school board and the community about race relations and parent training seminars," the media outlet notes.

"We are reflective. We strive every day to be better than we were the day before in service to our children and each other. And this work is no different," she said.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

Longtime Hollywood Foreign Press president circulates article branding BLM a 'racist hate movement,' faces serious backlash

Didn't go over well with some

Phil Berk, former longtime president of the Hollywood Foreign Press Association, circulated an article stating that the Black Lives Matter organization is a "racist hate movement."

The association, which is behind the annual Golden Globe awards, quickly distanced itself from the message in a statement.

What are the details?

According to a Tuesday report from the Los Angeles Times, Berk sent a message to the press association's members, staff, general counsel, and chief operating officer Gregory Goeckner, with an article stating that the organization is a racist movement.

In his message, Berk, 88, shared an article titled, "BLM Goes Hollywood," which addressed BLM co-founder Patrisse Khan-Cullors' recent purchase of a \$1.4 million California home.

"The house is down the road from one of the homes involved in the Manson murders, which seems only appropriate since Manson wanted to start a race war," a portion of the article read. "And Black Lives Matter is carrying on Manson's work."

The post added, "The founders of BLM have gone to work acting, writing, consulting, and promoting for Hollywood because their racist hate movement was always an entertainment industry production."

Members of the Hollywood Foreign Press Association's board issued a statement on Berk sharing the article, insisting that such views are not reflective of the organization as a whole.

"Since its inception, the HFPA has dedicated itself to bridging cultural connections and creating further understanding of different backgrounds through film and TV. The views expressed in the article circulated by Mr. Berk are those of the author of the article and do not --- in any way, shape, or form --- reflect the views and values of the HFPA," the statement said. "The HFPA condemns all forms of racism, discrimination, and hate speech and finds such language and content unacceptable."

What did the members say?

Goeckner responded, "Phil --- it is not appropriate to circulate material such as this, which many members and staff find deeply offensive, to all members and staff as though it is a matter of Association business. Please do not circulate this type of material again."

Member Rui Coimbra responded to the message in a thread, and according to the outlet, wrote, "As a former HFPA president and still a strong and influential voice in the group, this is not the [type] of information you should be disseminating to HFPA members. Please remove me from any racist email you wish to send to the membership. Dr. Harper has been notified, here, that you are equating the Black Lives Matter movement to the Charles Manson murderous gang."

2 wounded in Army helicopter crash in Alabama

On Tuesday a pair of individuals were injured when a U.S. Army helicopter crashed at a training base in southern Alabama, military officials said, according to the Associated Press.

Fort Rucker officials, according to the AP report, stated in a press release that the “aviation mishap” involved a UH-72 Lakota helicopter during flight training. The crash occurred at Fort Rucker’s Brown Stagefield heliport near New Brockton.

Officials at Fort Rucker, the Army’s primary training center for helicopter pilots, did not immediately release information about what could have caused the incident, which occurred Tuesday morning, according to Coffee County officials cited by the WDHN station.

While both of those aboard the helicopter were evacuated for medical treatment, no fatalities were reported, according to the AP. The aircraft also suffered damage.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

Chad's President Killed Day After Winning Presidential Election

Chad's President Idriss Deby has died of injuries suffered on the frontline where he had gone to visit soldiers battling rebels, an army spokesman said on April 20. Deby died a day after he won a sixth term, according to provisional election results that were released on April 19.

The 68-year-old Deby, who came to power in a rebellion in 1990, took 79.3 percent of the vote in the April 11 presidential election, the results showed, according to Al Jazeera reports.

The National Assembly and the Government of Chad have been dissolved. For 18 months, the country will be governed by a military council headed by the Idris Deby's son, Mahamat Idris Deby.

Russia Restricts Civil Aviation Over Crimea And The Black Sea

Russia announced the introduction of a dangerous zone for civil aviation in the area over the Black Sea and Crimea, this was published in the operational information on changes in the rules for conducting and ensuring flights (NOTAM).

In total, the Russian Federation has issued three NOTAMs. They are valid until April 24th, with minor differences.

A number of air routes in the Simferopol flight information area over the Black Sea were completely blocked.

At the same time, the flight zone over the Crimean peninsula do not overlap.

As follows from the NOTAM, in some areas there is an overlap only above 11,900 m (that is, above the level of civil aviation flights), in others -- above 6,100 m, and somewhere the overlap of zones is from sea level.

Earlier on April 20th, the press service of the Black Sea Fleet reported that, as part of a control check of the fleet forces during the winter training period, exercises were held in which more than 20 ships and boats of the Black Sea Fleet and three squadrons of attack aircraft of the Air Force and Air Defense of the Southern Military District.

Prior to that, the US Federal Aviation Administration (FAA) issued a NOTAM, in which it recommended that US airlines operate with extreme caution over certain regions of Russia and Ukraine.

It is recommended to take special care when flying "to, from, within or over" the flight information regions (FIR) of Kiev, Dnieper (formerly Dnepropetrovsk) and Simferopol, as well as in the FIR regions of Moscow and Rostov-on-Don located within 100 nautical miles from them. Both documents were issued in connection with "possible risks to flight

safety associated with the escalation of regional tensions between the Russian Federation and Ukraine, which could potentially lead to cross-border clashes without prior notice, increased military activity and / or conflict.”

Additionally, Russian state media reported that Moscow intends to close parts of the Black Sea to foreign military and official ships for six months, which could affect access to Ukrainian ports in the Sea of Azov, which is connected to the Black Sea through the Kerch Strait.

The US condemned this move.

“This represents yet another unprovoked escalation in Moscow’s ongoing campaign to undermine and destabilise Ukraine,” State Department spokesman Ned Price said in a statement.

“This development is particularly troubling amid credible reports of Russian troop buildup in occupied Crimea and around Ukraine’s borders, now at levels not seen since Russia’s invasion in 2014,” he added.

Cuba Gets Its First Ever Non-Castro Leader

On April 19th, Cuba marked the end of an era -- 60 years of Castro family leadership came to an end.

Raul Castro transferred power to the country's first ever civilian leader -- Miguel Diaz-Canel.

The final Castro is 89 years old and he handed the position of first secretary of the Communist Party of Cuba to Diaz-Canel, who is 60 years old.

Diaz-Canel has been president of Cuba since 2018.

"April 19, an historic day," tweeted Diaz-Canel, applauding the Communist Party.

Raúl Castro first appointed him vice president (of the council of ministers) in 2012, shortly after he himself had replaced his brother Fidel as first secretary of the party. It was the first real indication that Díaz-Canel was being prepared for power.

In the appointments to the Politburo, Raúl Castro has made good his promise to rejuvenate the leadership. Two veterans of the revolution, 90-year-old José Ramón Machado Ventura and 88-year-old Ramiro Valdés Menéndez, have retired with him.

The most significant new member is Raúl Castro's former son-in-law, Luis Alberto Rodríguez López-Calleja. He runs GAESA, the business wing of the military that controls much of Cuba's economy, building hotels and running financial services, supermarkets and imports and exports.

López-Calleja is said to wield huge influence. He travelled with Díaz-Canel to the United Nations and to Russia to meet Vladimir Putin. He was sanctioned by the US in September 2020.

Another new member is Prime Minister Manuel Marrero Cruz, believed to be a close ally of López-Calleja.

As Díaz-Canel assumed the role of first secretary, he told the closing meeting of the 8th Congress of the PCC that he would remain in close contact with Raúl Castro, continuing to discuss all strategic decisions.

“Comrade Raul will be consulted on the most important strategic decisions of greatest weight for the destiny of our nation. He will always be present,” Diaz-Canal said of Castro, as he accepted the new position.

This corresponds with his insistence that he represents continuity rather than any break with the past.

He tweets under the hashtag #SomosContinudad and the Congress itself took place under the banner “Unity and Continuity”.

Born in 1960, the same year the Castro family nationalized all US-owned property in Cuba, Diaz-Canel resembles neither Fidel Castro nor his brother Raul. He has 3 years of military service, unlike the Castros, Diaz-Canel is a bureaucrat rather than an olive-green-uniformed revolutionary. That said, he will make history as the first Cuban at the helm of the government and communist party not named Castro.

This insidious deployment is designed to trap you in a loop of "I'm a Christian [Name, mirrored behavior leads to marriage with satan] and rejecting that marriage to satan"

It's "satan's toilet"'s stale shtick of "inevitability" that's designed to ware down your Will and accept being a template for satans toilet.

This is well worth a global report, it's insidious beyond belief.

Update: The "I ❤️ TRAPS" flooder is designed again, to force you to mirror what you see. Mirroring is their primary weapon, that's why they post Pepe as their 'avatars' here so much.

Do you see how these deployments work together?

Do you see how much energy they spend eroding your Will? Demoralizing you?

How many pictures have you scrolled across that contain their subliminal attacks? (Hint: They. do. not. waste. any. chance. to. make. you. smaller.)

It's just, the worst and most disrespectful behavior I've ever seen.

Remember: As a combat tactic, they associates themselves with those they can't subdue. "Taking them down with me"

To invoke disgust against this mirroring act, I used "herpy caidsll" as a name replacement.

The baker (also satans toilet) is making an insidious statement in saying [#17063]"Also You Might Have Herpes" because THEY KNOW it's their own mirror trap they've deployed against (You).

All from the last few day, we saw the MOCKINGBIRD consensus here massage our minds for this marriage deployment. (The henry aids)

>For (you), if you're real, you'll realize that first releases of anything have issues.

I am absolutely real. Had an awesome automation career and concussions took me out. Can't do the work any more due to the symptoms, but I can talk about it.

And no, the first of anything does not always have "issues like missing parts."
(Although I agree that it's usually version 3 that "fixes everything" which is why Microsoft in a sick joke first published Windows NT as "version 3.1" -- a bugfix version (the ".1") to version 3!)

>Anyone that supports Mike will try again.

I support Mike, and I will be going back; you're right.

The difficulty is - those we send there, who aren't die-hard supporters.

Because of my concussions, "you get a second chance to make a first impression" but that's humor, and it's not the case for most - for most, the first impression is all you get.

If I were tasked with producing this I would not let it out the gate with "file not found" errors in it, like I showed in >>13471496 - but of course, they were also up against a time deadline.

Still, I would have written tests including "does this still show file not found" and ensure the tests passed before I shipped.

I don't have a working phone right now so I can't test the signup process. Which, according to the bug report that someone left on the page I mentioned in the above because the web design company HAS NO WEB PRESENCE, is fraught with errors including that it won't allow someone to sign up from a ".US" email address.

I know, from my experience, that a .US domain name cannot use a "privacy screen" service, so you must show your home address. A .US web address is therefore FAR MORE SECURE from a "must be a person" standpoint than a gmail or yahoo or other address.

And they're denying people from coming in, with a .US email address. That is literally retarded -- it is slowing people down.

I want Mike to succeed, which is why I'm leaving these bug reports here where I know he and/or his team, will see them.

Mike does not need to throw good money after bad. And no, I'm not looking for his

business; I'm not looking for any business, I can't do the work any longer.

But I can talk about it.

God bless.

Deny satans advances, begging betrayer be beggin' hard lately~

Just so (You)'re aware, the one I dub 'satans toilet' wants to become your template.

Sees themselves as a template for You, as a being.

Confused?

They are siphoning your psychic energy and impressing themselves upon your being, to force you to mirror them. Like a predator traumatizing its prey.

Sick yet?

I am~

This is a level above insidious censorship, and is one of the most subtle and dangerous attacks against (You)r free speech I've ever seen.

Their deployments slowed down - attention is elsewhere.

The pickle crew that attacks our board is getting ready to cause as much chaos as they can.

Based on the themes of their memes here lately, they're going for a full "Chimp out" as they'd say.

This is what Chinese Warfare looks like:

>We are killing your mutts aka "whites", the tax slaves of the Hispanics and the BBCs. Soon after we take down the core American tax base; Tyrone's EBT card will decline and you will have the biggest chimpout riots and murders of feral Negroes in modern times. You lost, China # 1.

The anti-minority narrative on this board is an active mission to ferment chaos in America.

The demise of your future Wives, Sons and Daughters... baked into 'Chan [Ch_nA] culture'.

[They can't invest the time for outright conflicts, they're too busy fighting off Communism's greatest asset: Starvation - this is what Weakness looks like~]

Just so (You)'re aware, the one I dub 'satans toilet' wants to become your template.

Sees themselves as a template for You, as a being.

Confused?

They are siphoning your psychic energy and impressing themselves upon your being, to force you to mirror them. Like a predator traumatizing its prey.

Sick yet?

Sydney teacher admits in court she had sex with student, 14

A Western Sydney teacher has admitted in court to having sex with a 14-year-old student.

Monica Young had been due to face trial in September on 12 charges, but today reached a plea deal, the same day her teenage victim was due to pre-record his evidence.

The 24-year-old pleaded guilty to three counts of aggravated sexual intercourse with a child.

The high school teacher was arrested at her Greenacre home in July last year.

Prosecutor Alexander Terracini told the court he would be arguing prison time was the only option for Ms Young.

She'll face a sentencing hearing on June 24.

Indianapolis FedEx Shooter Never Had 'Red Flag' Hearing After Mother's Warning

A former FedEx employee who is accused of shooting and killing eight people at a parking lot of the global shipping corporation in Indianapolis never was called before a judge for a hearing under the state's "red flag" law after his mother warned authorities on concerns her son might be feeling suicidal.

The mother of 19-year-old Brandon Scott Hole issued the warning to police in March

2020, explaining her son might try to commit “suicide by cop” or force police to shoot him.

Marion County Prosecutor Ryan Mears said during a press conference on Monday authorities seized a firearm from Hole that day under legislation that passed in Indiana in 2005.

The law, which also exists in several other U.S. states, allows police or courts to seize guns from people who show warning signs of violence or mental health issues.

Hole, then 18, was immediately detained by law enforcement officers upon arrival on the day his pump-action shotgun was seized from the home.

As authorities suspected Hole had mental issues, he was held for a “brief period of time” by the Indianapolis Metropolitan Police Department, but officials found no criminal violation.

Mears said officials didn’t pursue a hearing back then due to prosecutors’ ability being limited in preparing a “red flag” case after a change in the law in 2019 required courts to make a “good-faith effort” to hold a hearing within two weeks, as well as filing an affidavit within 48 hours, The Associated Press reported.

“Given the fact that we had already secured both the removal and the surrender of that item ... and all of those factors that I’ve mentioned, we did not file a follow-up petition,” Mears said.

Under the “red flag” law, it is possible for a person to be barred from purchasing or possessing a firearm if a judge finds them to be a risk to themselves or others.

Mears said authorities believed they had already done what was needed for Hole, which was seizing the firearm, and by moving the case forward they could be at risk of giving it back to the person.

“The risk is if we move forward with that (red flag) process and lose, we have to give that firearm back to that person,” Mears said. “That’s not something we were willing to do.”

The shotgun was never returned to Hole---who used two rifles that he had purchased legally during last week’s massacre. He reportedly fired for several minutes on employees in the parking lot of the FedEx facility before killing himself, officials have said.

President Trump will pay Bounty's of \$50,000 and up some Bounty's may be a million dollars.

According to the Constitution when the stolen elections of 2020 has been proven 100% without a single doubt THEN every PATRIOT in America under full constitutional authority AUTOMATICALLY becomes a FULL SANCTION BOUNTY HUNTER.

USURPED TYRANNICAL GOVERNMENTS CANNOT STAND IN AMERICA.

74 MILLION TRUMP VOTERS IS A LOT OF HEAVILY ARMED BOUNTY HUNTERS.

TRUMP won the election hands down and the supreme court wouldn't look at the voter fraud cases because Trump would have won every case easily.

Joe Biden and Kamala Harris know full well they did not win the white house.

(Nov. 18, 2020) --- "When the federal statutes speak of 'the election'... they plainly refer to the combined actions of voters and officials meant to make a final selection of an officeholder... By establishing a particular day as 'the day' on which these actions must take place, the statutes simply regulate the time of the election, a matter on which the Constitution explicitly gives Congress the final say." Foster v. Love, 522 U.S. 67, 71-72 (1997)

We will take a closer at this binding precedent below, but in preview, please understand that it emanates from a 9-0 decision of the United States Supreme Court, wherein the entire Court joined, not just the outcome, but also the opinion on this very point.

The voters vote. The officials count. These combined actions form "the election," and the election must be decided on the day. States that failed to make a final selection of officeholder by midnight after Election Day have violated the statute, subjecting the nation at large to the very evils Congressionally mandated deadlines were drafted to prevent.

Federal Election Day statutes were designed to curtail fraud, and to infuse a prima facie sense of integrity in our electoral process. But these States -- in failing to obey Congressional deadlines -- have flagrantly attempted to preempt federal law. This is certainly prohibited, and this is why the late election results are void.

Executive Order Canceling the Constitution

On April 15, President Biden signed an Executive Order on Blocking Property with Respect to Specified Harmful Foreign Activities of the Government of the Russian Federation. Contrary to its title, this EO is not about Russia. It is designed to allow the Biden administration to deprive American citizens and organizations of their rights and property by arbitrarily linking those persons to real, imagined, or vaguely defined activities of the Russian government.

The Biden administration unilaterally makes the determination and requires neither criminal acts nor intent. The punishment is blocking assets and a prohibition on any dealing with the accused person. Spouses and adult children of individuals found guilty by accusation under this EO are punished, too.

The EO was preceded by some distracting maneuvers, both diplomatic (hostile rhetoric toward Russia) and military (sending naval ships toward the Black Sea and recalling them back, as if dealing with Russian threats). Thus, many people assumed that the EO was directed at Russia, and completely missed the fact that it is directed at dissent here, at home.

Over the past four years, the Democrat Party, Fake News, and Big Tech have been frequently portraying their opponents as Russian trolls or Russian misinformation operators. The Russian collusion narrative, initially invented to overthrow the Trump

administration, has been used to smear many conservative movements. Now this effort has been crowned by an Executive Order.

Biden's administration has been recently pushing so many other radical changes, such as packing the Supreme Court, eliminating the filibuster, restricting Second Amendment rights, etc., that the real ramifications of this new EO went completely unnoticed. In my opinion, this EO is the most dangerous of them all. It allows the Biden regime to eliminate its opposition, quickly and quietly.

Section 1 of the EO enumerates prohibited activities and defines guilty persons as those "determined" by the Secretary of Treasury and/or Secretary of State in consultation with the Attorney General to be:

(a)(ii) responsible for or complicit in, or to have directly or indirectly engaged or attempted to engage in, any of the following for or on behalf of, or for the benefit of, directly or indirectly, the Government of the Russian Federation:

(A) malicious cyber-enabled activities;

(B) interference in a United States or other foreign government election;

(C) actions or policies that undermine democratic processes or institutions in the United States or abroad;

(D) transnational corruption;

Some of the language in this EO borrows from another: EO-13224 - Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten To Commit, or Support Terrorism. George W. Bush signed EO-13224 on September 23, 2001, in response to 9/11.

Police Arrest A Math Teacher As She Was Leaving Her High School For Allegedly Having Sex With A Male Student

A math teacher at a New York high school was arrested Monday on charges that she raped a 15-year-old male student, numerous sources reported.

Veronica Pezdan, 28, was arrested Monday after leaving Shoreham-Wading High School in Long Island and was charged with two counts of endangering the welfare of a child and two counts of third-degree rape, the Riverhead News-Review reported.

Suffolk County Police said Pezdan was engaged in a sexual relationship with the male

student for the two months prior to the arrest, according to Riverhead Local.

The school's superintendent Gerald Poole said a staff member tipped the district off about Pezdan a week prior to the arrest, leading to an internal investigation, according to the Riverhead News-Review. Poole said the teacher would no longer work at the district, and that the "individual in question" passed all background checks required by the state.

Pezdan reportedly started working at the district in 2018.

"The Administration and Board of Education are deeply concerned about these allegations," Poole said, according to the Riverhead News-Review. "Please be assured that the District does not tolerate and condemns such behaviors. The District is fully cooperating with authorities."

Pezdan is expected to be arraigned Tuesday, Riverhead Local reported.

Days before Pezdan's arrest, a former Texas public school teacher was arrested after being accused of having had a sexual relationship with a former student. The former student alleged that he and the teacher had sex not long after the boy turned 13.

Numerous other teachers were arrested in April on sex-offense charges related to minors.

A first-grade teacher at Dallas Independent School District was charged with possession of child pornography after investigators say they found numerous images showing an adult male engaging in sexual intercourse with children as young as three. A New York City public school teacher was arrested on charges that he raped a teenager in 2017.

House of Wettin

The House of Wettin (German: Haus Wettin) is a dynasty of German counts, dukes, prince-electors and kings that once ruled territories in the present-day German states of Saxony, Saxony-Anhalt and Thuringia. The dynasty is one of the oldest in Europe, and its origins can be traced back to the town of Wettin, Saxony-Anhalt. The Wettins gradually rose to power within the Holy Roman Empire. Members of the family became the rulers of several medieval states, starting with the Saxon Eastern March in 1030. Other states they gained were Meissen in 1089, Thuringia in 1263, and Saxony in 1423. These areas cover large parts of Central Germany as a cultural area of Germany.

The family divided into two ruling branches in 1485 by the Treaty of Leipzig: the Ernestine and Albertine branches. The older Ernestine branch played a key role during the Protestant Reformation. Many ruling monarchs outside Germany were later tied to its cadet branch, the House of Saxe-Coburg and Gotha. The Albertine branch, while less prominent, ruled most of Saxony and played a part in Polish history.

Agnates of the House of Wettin have, at various times, ascended the thrones of United Kingdom, Portugal, Bulgaria, Poland, Saxony, and Belgium. Only the British and Belgian lines retain their thrones today

The local Minnesota media is saying that EVERYONE in downtown Minneapolis is currently vacating...

Offices, business, parking garages.... it's a ghost town ahead of the Chauvin verdict.

Out of state police are assembling. Other local police called in. Minnesota National Guard called in as well....

WHY??

Why is this okay?

Why won't our "leaders" step up?

They want riots.

They want violence.

Merkel says she criticizes Putin 'directly,' after Biden admits on TV he thinks he's a 'killer'

"If we're talking about criticism, I don't hide it. I tell him directly," Merkel said about criticizing Russian President Putin.

German Chancellor Angela Merkel said Tuesday she directly criticizes Russia President Vladimir Putin, after President Biden admitted his belief via a TV interview that he thinks the Russia leader is a "killer."

"As far as Mr. Putin is concerned, I will tell you in my own words: if we're talking about

criticism, I don't hide it. I tell him directly about it, including in our personal conversations," said Merkel, according to the Russian state-run news agency Sputnik. "This is my way of dealing with the fact that we do not agree with everything that goes on in Russia in the area of human rights."

Merkel reportedly made the comments while speaking at the spring session of the Parliamentary Assembly of the Council of Europe.

When Biden was asked in an interview in March with ABC News about whether he thought Putin was a killer, he responded, "I do."

Merkel on Tuesday did not directly refer to Biden's response.

Biden said in February that his presidency would try to improve U.S. relations with allies like Germany.

Merkel and Putin have known each other since 2002 and reportedly have a positive relationship.

Mr. Soros paid a lot of money for these riots to happen. He's also paid a lot of money for an American civil war. Why would we let him control what we do? BLM does far more harm to black people than good.

^^This^^

Look for how China is behind the upcoming riots.

(They knew from the start this would end with a non-guilty verdict, this entire shtick is their continued attacks against our LEO's)
